Harding Junior on Top in Star's Quiz

Allen Short Earns 79 in Test, Wins $50 U.S. Bond

By FRANCES BOMBERGER
Marion Star Quiz Director

Allen Short, 17-year-old Harding High School junior, put together 79 correct answers to score the highest mark in The Marion Star General Information Quiz given to 1,350 local high school students.

By winning this year, he qualified for his second U.S. Savings Bond. He was a winner in the quiz last year as a sophomore with an 83 score. He is the son of Mr. and Mrs. Theodore B. Short of 503 Evans Rd.

—:—

HIS PRIZE this year will be a $50 bond, since his score was higher than any other student.

Five other students will receive $25 bonds. They made the highest and second-highest scores of their classes.

The quiz was given Feb. 19 to sophomores, juniors and seniors in Harding and St. Mary high schools.

Also winning for a second time was Phil Sykes, 17, a senior at Harding High. He placed second among the seniors from both Harding and St. Mary high schools with a score of 75. Last year, as a junior, he scored an 83 in the quiz.

Topping Sykes in the senior grade was J. Terrence Flynn, 17, St. Mary High School student. He answered correctly 76 of the 100 questions on the quiz.

Among the sophomores, top score was made by Susan Flynn, 15, of St. Mary, a sister of Terry Flynn. They are children of Mr. and Mrs. James T. Flynn of 577 Miami St. Susan had a score of 66.

—:—

TIES DEVELOPED for second place in both the junior and sophomore grades. Both James Rish, 16, of 259 Thew Ave. and Janet Hunter, 16, of 466 Brightwood Dr., juniors at Harding, finished with 71 points, and Stanley R. Smith, 15, of 432 Olney Ave. and Becky McCurdy, 15, of near Marion, Harding sophomores, finished with 65 points each.

In a tie-breaking list of 25 additional questions, Jim won over Janet by a score of 17 to 14 and Stan won over Becky by a score of 16 to 14.

Consolation gifts will be given to Janet and Becky. Janet was a winner last year as a sophomore.

The scores of the students, as well as scores of readers who took the test later when it was published in The Star, indicate that this year's quiz was from 5 to 10 points harder than last year's, when the test was given for the first time.

Israel Set To Put Pullout Plan Before U.N.; Arabs Will Protest Guarantees

Vote Asked In Senate on Ike's Policy

Democratic Leader Johnson Exerts New Pressure for Action

WASHINGTON (AP) — Sen. Kennedy (D-Mass) cautioned today that defeat of the Middle East resolution would "embarrass" President Eisenhower in a time of crisis and "dismay" friendly nations in the area.

He said he would support the resolution despite his belief it is "an unnecessary error" supported only by "urgent pleas for speed and unanimity, exaggerated justifications and evasive testimony, without any demonstration of critical need."

Johnson Seeks Action

Kennedy spoke out in an address prepared for Senate delivery at an unusual 9 a.m. session as Democratic Leader Lyndon B. Johnson of Texas exerted new pressure in an effort to speed a vote.

Kennedy joined with four other Democrats in opposition to a proposal to strip the resolution of presidential authority to spend up to 200 million dollars in available foreign aid funds on a crash basis in the Middle East.

The others, all equally critical of the administration, were Senators Church (Idaho), Carroll (Colo), Sparkman (Ala) and Symington (Mo).

Substitute Proposed

The amendment, offered as a substitute for the resolution, would limit the resolution to a pledge of readiness to use troops to assist nations requesting help in resisting Red armed aggression in the Middle East.

Secretary of State Dulles sent two urgent letters to the Senate late Thursday opposing the substitute, which is now sponsored by Democratic Senators Russell (Ga), Byrd (Va), Stennis (Miss) and Anderson (NM).

Dulles gave assurances the economic assistance authority would not be used as a springboard for launching a Middle East spending program that ultimately will cost "billions of dollars," as Russell and his associates contend.

None for Aswan Dam

And he declared none of the money would be used to help Egypt finance construction of its proposed Aswan dam. The United States joined Britain in 1955 in offering to help Egypt build the long-proposed high dam on the Nile River, but the offer was withdrawn last July after Egypt bought quantities of arms from Russia.

Kennedy said that to keep the military authority and drop the economic provisions of the resolution would lead to "disastrous effects" on American leadership in the area.

He said American friends as well as Communist agitators would cite it as proof we think of the Middle East "only in terms of guns and bases and military allies against communism, not in terms of friendly people and their economic well-being and stability."

WHOSE MONTH IS THIS, ANYWAY? Baby, a one-month-old mountain lion, and Fuzzy, a two-week-old lamb, bump noses in settling the question of rights to the month of March which has a reputation of "coming in like a lion and going out like a lamb." Locally the lamb seemed to hold the winning stakes this morning as the temperature rose to 37 by noon and blue skies and sunshine ushered in the traditionally blustery month.

West Drives For Backing On Formula

U.S., Other Powers Due To Take Floor In Support of Policy

UNITED NATIONS, N.Y. (AP) — Israel was to go before the General Assembly today to spell out plans for withdrawing her troops from the Gulf of Aqaba coast and the Gaza Strip. Strong Arab opposition was expected if qualifications were included.

A high diplomatic source said the Israelis would inform the 80-nation Assembly they would pull back all troops from the Sharm el Sheikh area of Aqaba and the Gaza Strip in line with Assembly resolutions of Feb. 2.

Others To Speak

Representatives of the United States, France and other nations who support Israel's demand for shipping rights in the Gulf of Aqaba were scheduled to speak afterwards. They were expected to call for stationing of troops of the U.N. Emergency Force in the disputed areas until there is no further danger of belligerent action.

The Western plan was said to include support for a U.N. military administration of Gaza until some new status for the strip can be worked out.

Washington informants said the United States and Israel have contacted a large number of governments in the last few days in an effort to obtain wide backing for such a program. Advocates of the plan were said to feel if agreement could be obtained from enough countries beforehand, Israel could be reasonably certain of achieving its major objectives even though no formal guarantees were obtained from the United Nations or Egypt in advance of a troop withdrawal.

New Resolution Seen

It appeared another General Assembly resolution would be necessary to authorize the U.N. force to stay in Gaza and along the Aqaba coast.

Arab sources in Cairo expressed doubt Egypt would agree to anything but the unconditional withdrawal of Israeli forces, contending that anything else would amount to rewarding Israel for aggression.

Israel's announcement that she would disclose her withdrawal plan brought a biting attack Thursday from Egyptian Foreign Minister Mahmoud Fawzi. He warned that the pull-out "must not be the outcome of a bargain made anywhere and in exchange of a price Israel may have been promised by a people who have no right to make any such promise."

New Disclosures Promised

Senators Pushing Teamsters' Probe

WASHINGTON (AP) — Senate investigators promised disclosures today relating to "bribes or attempted bribes" in the Senate investigation of alleged racketeering in labor and industry.

A Portland, Ore., gambler James B. Elkins, testified Thursday that Stanley Terry, another pinball machine operator, had told him he paid $10,000 to Frank W. Brewster, president of the Western Conference of the Teamsters Union, for an okay to resume pinball operations.

Earlier witnesses have said a combination of teamsters bosses, public officials and gamblers was trying to take over and expand gambling and vice operations in Portland in 1955.

'Silent Partner'

Elkins testified he was a "silent partner" in the Acme Amusement Co., and that he and his partners got an agreement from the union which would prevent other operators from placing machines in taverns and other places.

It was testified Clyde Crosby, teamsters Oregon boss, put union pickets around taverns and bars to compel them to throw out the pinball machines they had and install only machines bearing Teamsters Union insignia. Deliveries of beer and other supplies were blocked unless they complied.

The subcommittee counsel has charged the Acme group wanted to put all other pinball machine operators out of business and leave the field open to Elkins and his associates.

'Take' Hits $250,000

Robert Kennedy, committee counsel, said the alleged $10,000 payment by Terry to Brewster got Terry's machines back in use again and "burst the bubble of Acme." It has been testified the "take" in Portland alone was expected to exceed $250,000 a year and run many times that figure for all Oregon.

Brewster is under subpoena to appear next week.

Elkins has told in great detail about the alleged plan to take over Portland gambling and vice operations. He says he was "double crossed" and now wants to expose the others he says were involved.

State indictments have been returned at Portland against Elkins and others said to have been involved in the situation, including William Langley, the district attorney.

Final Coliseum Report To Be Done in Month

The printed report of a state examiner's special audit of the Marion Coliseum will not be ready for about four weeks, Marion County Prosecutor Robert O. Stout learned Thursday in a visit to the state auditor's office.

He made the trip to Columbus to see what was delaying the report.

Principal findings of the examiner were disclosed by the auditor's office two weeks ago. The examiner charged the Coliseum was mismanaged, and declared his belief that the Coliseum board of governors was an illegal body.

Local officials have held up action on the Coliseum until the full printed report is relayed to them.

Mr. Stout reported today that a spokesman in the state auditor's office said the report was now in the hands of the printers, and probably wouldn't be ready for about four weeks.

Cheers Greet Touring Nixon On Initial Stop

200,000 Moroccans Turn Out at Rabat To See Vice President

RABAT, Morocco (AP) — Vice President Nixon won a rousing welcome from 200,000 cheering Moroccans today at the outset of his good will visit to eight African nations.

Nixon aroused cheer after cheer from crowds packed two and three deep during much of the 10 mile parade route from the Sale-Rabat Airport.

"Nixon, Nixon," "Long Live America," the crowds shouted in Arabic, French and English.

Crown Prince Moulay Hassan, eldest son of the Sultan, led an airport reception committee that included Morocco's prime minister and foreign minister.

The vice president immediately began an American-style handshaking campaign. He delighted the crowds by twice stopping the limousine to get out and shake hands with persons lining the route.

His secret service bodyguard and Moroccan police stood by nervously as Nixon was engulfed by the crowds.

The vice president is undertaking the tour to demonstrate American interest in emerging independent African nations.

In Morocco, the United States is facing delicate negotiations over rights to five multi-million dollar air bases which could play a decisive role in any military showdown with Communist nations. Rights to the bases, capable of handling the biggest bombers, were obtained when the French ruled Morocco. The Moroccans now insist on reviewing the agreements.

Bigelow Makes Request

Hiring of Engineer, Two Inspectors in City Asked

A recommendation that the city employ a sanitary engineer and two inspectors in the city engineering department was presented to members of City Council by Safety-Service Director R. Guy Bigelow at a meeting in City Hall Thursday night.

Mr. Bigelow said the engineer could serve as a resident engineer on coming sewer improvements, making it unnecessary to authorize Floyd G. Browne and Associates to employ a resident engineer for the city.

—:—

MR. BIGELOW said that he felt certain that he could employ a qualified sanitary engineer for $650 a month and the two inspectors for some $15 a day.

Mr. Bigelow said that the two inspectors would be used to inspect new sewer construction projects, new house connections, to check existing house connections to determine if they are connected to the wrong sewer in the street and other possible duties in the engineering department.

R. G. Haldeman, finance committee chairman, asked Mr. Bigelow what he would recommend as a source of funds to pay the three additional employes. Mr. Bigelow said that in his opinion the money could come only from sewer service charge income.

Mr. Haldeman said there might be some extra money available for a year or two. He explained that he believes the city will not have to make any payments on a $1,135,000 sewer improvement bond issue until 1958 and meanwhile the income from the sewer service charge may be available for other uses. But he said he wasn't certain of this and would want to check into it further to determine the facts.

—:—

RALPH WILLIAMS, Fourth Ward, said that he calculated that the additional personnel Mr. Bigelow proposed to add to the engineering department would cost the city between $15,000 and $18,000 a year.

Mr. Bigelow said that this was true but that the plan would be advantageous for the city and probably would cost less in the long run. He explained that if Browne and Associates employed a resident engineer on the coming sewer projects, they would charge the city the engineer's salary, plus salary overhead, plus 40 per cent. He said this would total $1,100 a month compared with the $650 it would cost if the city employed the engineer directly. The charges Browne and Associates would make for supplying the resident engineer were listed in a letter to Mr. Bigelow on Feb. 12, which he read to the councilmen.

The letter indicated that either the city or Browne and Associates could employ the resident engineer but in either case a decision should be made soon so that the engineer could be available when needed, Mr. Bigelow said.

Cut in Marion Bus Service Is Slated Monday

Walter Christian, operator of the Marion City Bus Lines, today announced two major changes in bus service which will be put into effect Monday.

The first is the discontinuance of the Mt. Vernon Ave. run because of lack of patronage.

The other is a reduction in service on the Southwest loop where runs will be made hourly instead of every half-hour.

The first trip on the loop will be made at 6:45 each morning instead of 6:15, Mr. Christian said. He pointed out that the early run in the past has had only one or two passengers each day.

The second run will be at 7:45. Runs will be made at 8:15 and 8:45 to accommodate persons working downtown, he said. The next run will be at 9:45 and runs will continue every hour thereafter until the final run at 5:45 each night. Southwest loop buses will reach the hospital on the hour under the new schedule.

Mr. Christian said the bus line expects a loss of between $700 and $1,000 in February. He said further cuts in service may be made in the future if more patronage is not given the buses.

Quick Return Is Phone Goal At Portsmouth

Service Restoration Speeded as Company Employes Start Work

PORTSMOUTH, OHIO (AP) — Things are getting back to normal in this city of 36,800, now that the crippling 7½ - month telephone strike at Ohio Consolidated Telephone Co. has ended.

Nearly 1,000 telephones are back in order, and more are being fixed every day.

Hundreds of members of the Communications Workers of America who were idle from July 15, when the strike started, until Thursday, when the company started rehiring, are back on the job. More are expected to re-apply for work.

Sandbag barricades, erected to safeguard company property after a number of violent outbreaks, will probably be carted away soon.

The hospitals and the state highway patrol have had their telephone service repaired. Company officials say phones serving "health and welfare" get top priority for future repairs.

'Jesus Loved Them'

Lenten Feature To Start Next Wednesday in Star

"Jesus Loved Them," a word and picture series of the most important people who came into contact with Jesus during his lifetime, starts in The Marion Star next Wednesday, March 6, and will continue daily until Easter.

Art for the new 40-panel series is by Sam Patrick, well known newspaper artist. An expert in portraiture, Patrick has been one of the nations leading artists for 31 years.

Omar Garrison, who holds a Ph.D. from London University, is the author of the new Lenten feature. A serious student of all religions, Mr. Garrison is religion page editor of the Los Angeles Mirror-News at the present time. His academic background includes extensive courses in theology and Bible history.

Both text and art of the "Jesus Loved Them" series was scrupulously screened by a panel of religious leaders of all faiths. The panels selected were, according to Scripture, the most important characters to enter the life of Jesus.

The panel of religious leaders also found the contents to be completely acceptable to all denominations and creeds.

Watch for "Jesus Loved Them" in The Star next Wednesday. And then read it every day.

Would Probe Dominican Dictator

Legislator Hits Trujillo 'Terror Regime' in U.S.

WASHINGTON (AP)—Rep. Porter (D-Ore) said today he plans to ask the House Foreign Affairs Committee to investigate his charges that Generalissimo Trujillo of the Dominican Republic "operates a network of terror" in the United States.

Porter, who denounced Trujillo in a House speech Thursday, said in an interview that if the foreign affairs group does not act "there are other committees which can . . ."

The first-term Oregon legislator made his speech against a dramatic background. Police alerted that rival groups of Americans were in the city for demonstrations, patrolled the Capitol corridors and the area around the building.

They wanted no repetition of an incident — three years ago today — in which a band of Puerto Rican nationalists shot up the House chamber, wounding five congressmen.

There was no trouble Thursday. Three busloads of Trujillo supporters rode slowly past the Capitol, but did not stop. They then picketed the White House briefly. A second group, identified as being opposed to Trujillo, visited the Capitol later without incident.

The Dominican Embassy put out a statement saying it had been informed that "many of the opposition demonstrators have been recruited as paid demonstrators from among the nationals of other countries."

In his speech, Porter asked Congress to investigate the disappearance last Dec. 3 of Gerald Lester Murphy, 23, a pilot who had lived in Eugene, Ore. Porter spoke of "much evidence" which he said indicates "wilful complicity of the Dominican government" in the disappearance of both Murphy and Jesus Galindez, a Columbia University lecturer opposed to Trujillo. Galindez last March.

Hasty Correction

COLUMBUS, Ohio (AP)—Bill Pepper, newscaster for WBNS-TV here, was broadcasting his nightly news report:

". . . in New York, mad bomber George Metesky was found insane . . ." Pepper said, as he glanced at the nearby camera to show a picture of Metesky. But the camera was still showing the picture of a man involved in the previous news item.

Pepper interrupted his newscast:

"Of course, that's not the mad bomber," he informed his viewers. "That's President Eisenhower."

Fichter Gloomy on Prospects Of Relief to 'Family Farmers'

WASHINGTON (AP) — An Ohio farm leader said today he found an "attitude of frustration and pessimism" among many legislators about getting new laws now to help the "family farmer."

Joseph W. Fichter of Oxford, chairman of the Ohio Farmers Union, said this after talking with most of the Ohio House members and Sen. Lausche (D-Ohio).

After a tour of their offices with a delegation of about 25 members of his group, Fichter told a reporter he cannot see "any possibility of getting farm legislation through this Congress that would go to the heart of the farm problem."

What is needed, he said, is a farm bill that would give family farmers, in Ohio and elsewhere, prices on their commodities that would put them on a competitive level with industry and labor.

Even if Congress did pass such legislation, he said he believed President Eisenhower would veto it.

Asked what prices he thinks the farmers should be guaranteed, he replied with this list of items (last September's actual average price in parenthesis):

Wheat—$3.15 a bushel ($1.95); corn — $2.41 ($.43); milk — $6.50 a hundred weight ($4.17); beef cattle — $30 a hundred weight ($16.20); hogs — $32 a hundred weight ($15.50); eggs — 68 cents a dozen (34 cents); chickens—43 cents a pound (17 cents).

Fichter described his rounds of Ohio congressional offices as in the nature of fact finding tours.

"We didn't try to put them on the spot or try pressure tactics," he said.

Unless something is done to change the current trend, Fichter went on, "We're going to lose the family farms and have nothing left but big farms."

"This feeling is reflected among the farmers themselves," he added. "A lot of them are trying to decide whether to sell out and leave. We're losing 100,000 small family farms a year."

Driver Held After Running 18 Lights, 6 Near-Accidents

TOLEDO, Ohio (AP)—A motorist fleeing police paced a wild, 90-mile-an-hour chase through evening rush hour traffic Thursday.

The chase ended as the car careened across the Civic Center Mall to be stopped by Sgt. Ronald Ludwikowski who leaped out a window in the Safety Building when he saw it coming.

Howard W. Ross, 32, was charged with drunk driving. Police said he ran 18 red lights and narrowly missed having six head-on collisions in his 40-minute flight.

The chase started when off-duty Patrolman Chester Matuszak said he heard Ross tell two patrons in a tavern, "You have only 10 minutes to live." Matuszak tried to question him and Ross ran to his car and sped off, the patrolman said.

Indicted in Shooting

SANDUSKY, Ohio (AP) — Floyd Cate, 33, his brother Wilford, 42, and Lester McCoy, 30, all of Sandusky, were named in indictments returned by the Erie County grand jury in connection with a shooting and attempted holdup at a supermarket here Jan. 25. Store manager Kenneth Cullen was wounded in the shooting.

NEW PRESIDENT. John L. Burns, 48, of Greenwich, Conn., is the incoming president of Radio Corp. of America, the nation's largest electronics company.

Two Newsmen Called in Texas Bribe Inquiry

AUSTIN, Tex. (AP) — Two newsmen were called today to testify before a committee of the Texas House of Representatives investigating a charge that a House member consented to accept a $5,000 bribe to withdraw a medical bill.

Rep. Wade Spilman of McAllen, committee chairman, said the witnesses today would include Ed Watson and Bill Bradford of the Conroe (Tex.) Daily Courier. The newsmen said the accused member, State Rep. James E. Cox, 36, of Conroe, told them he agreed to accept the money as part of a lobbyist trap.

House Speaker Waggoner Carr of Lubbock testified before the committee Thursday night and said Cox consulted with him about the alleged bribe offer. Carr said Cox wanted to kill himself after admitting he agreed to take the bribe.

Earlier in a tearful speech before the House, Cox maintained he consented to accept the bribe in a plan to trap "crooked lobbyists."

Cox was charged after Dr. Howard Harmon of San Antonio, president of the Texas Naturopathic Physicians Assn., presented to Carr a tape recording of an alleged conversation with Cox in a hotel room here.

Dr. Harmon said he agreed to withdraw his bill that would, in effect, put naturopaths out of business in Texas. Naturopaths use natural therapy in healing rather than drugs or surgery and are licensed under a statute that Cox's bill would have repealed.

Miss Miley Will Head Magnetic Springs Unit

Miss Mary Kay Miley was elected president of the Marion branch of the Ladies Auxiliary of Magnetic Springs Polio Foundation Wednesday night at the YMCA.

Other officers elected were Miss Clara Alice Wilson, vice president; Mrs. Lyles G. Lynch, recording secretary; Mrs. Lloyd Calhoun, corresponding secretary, and Mrs. John Gillis, treasurer.

Mrs. Howard Jacoby, Mrs. Leonard Rentz and Mrs. Marion Clark were elected directors.

Plans were made for local members to attend training classes at the foundation in preparation for service work there.

Bible Words for Today

ACTS 4:19—"But Peter and John answered them, 'Whether it is right in the sight of God to listen to you rather than to God, you must judge, for we cannot but speak of what we have seen and heard'" ACTS 5 29—"But Peter and the apostles answered, 'We must obey God rather than men'" (RSV)

* * *

In a day when many voices clamor to be heard and heeded, it is not surprising that we become confused and question whether anyone has supreme authority. We are prone to conclude with some there is none that speaks the truth, no not one. Is it possible that this point of cynicism among so many is cultivated because the spiritual leaders of our time have not followed in the footsteps of Peter and the apostles? Is it possible that Christians have so long followed the thoughts and ideas of others that they have failed "to speak what they (themselves) have seen and heard" in a personal encounter with God in Christ? Is it possible that we have obeyed man rather than God in order to be sure that jobs are stable social security of group acceptance not upset? Is it possible that Christian laymen have pressured their spiritual leaders into a position such as Amaziah attempted with Amos, "O seer, go, flee away to the land of Judah, and eat bread there, and prophesy there but never again prophesy at Bethel, for it is the king's sanctuary, and it is a temple of the kingdom." Pray that the God of Abraham, Micah, Amos and Jesus may speak directly to us through his living Word and that we may obey his voice

Introduction Deadline Tuesday

Legislators Get Ready For Final Batch of Bills

COLUMBUS, Ohio (AP) — Ohio's legislators were back in their hometowns today to put finishing touches on the final batch of bills they can introduce this session.

The bill introduction deadline is Tuesday. Until the last few days it appeared this session's total would fall far short of last year's record 1,355. At the moment the 1957 total is 851.

The pace of bill introduction stepped up considerably this week with 201 offered in the House and Senate.

Deadline day in 1955 saw 434 bills introduced, 91 of which eventually became law.

Only 331 of the total 1955 crop—slightly less than 25 per cent—ever became law.

To Act on Measures

With the complication of bill introduction out of the way, lawmakers will start action on measures offered earlier.

Senate Majority Leader C. Stanley Mechem says the Senate plans to vote on at least one measure a day starting Wednesday. The House already has approved a handful of its own measures and sent them to the Senate.

Interest Thursday centered on a proposal to do away with the stamp system in the collection of Ohio's 3 per cent sales tax.

The sales tax bill faces a highly uncertain future. It was introduced by Reps. Fred Cassel (R-Wyandot), Louis J. Schneider Jr. (R-Hamilton) and Frances McGovern (D-Summit).

Could Save $11 Million

They said the change could save the state 11 million badly needed dollars a year. It would be a three-way saving: The cost of printing the stamp, elimination of a 2 per cent discount to vendors and elimination of stamp redemption.

The redemption feature was started in 1939 as an aid to enforcement of the tax collection. Charitable groups have been the principal beneficiaries. They have netted tidy sums by collecting huge batches of the cancelled stamps and redeeming them for 3 per cent of face value. Stamp redemption last year cost the state $4,842,208.

Gov. C. William O'Neill, who clearly doesn't want to be in the position of supporting an indirect tax increase after painting a rosy picture of the state's financial position in his budget message, declined comment on the sales tax proposal. But administration sources said O'Neill probably would sign any reasonable version of the sales tax bill, if it ever reaches his desk.

Passage Doubtful

Whether elimination of the stamp system can pass both houses of the Legislature is a murky question. Indications were it will have a difficult path unless O'Neill gives it his backing.

Another bill proposed to kill off the Underground Parking Commission created by the 1955 Legislature to build a four-million-dollar parking facility for 1,100 cars under the state capitol grounds. It was introduced by Reps. Virgil Perrill (R-Fayette) and Thomas D. Gindlesberger (R-Holmes).

Perrill said he doubted if creation of the commission was legal. A test case is pending in the Ohio Supreme Court.

The two lawmakers proposed in another bill to spend $50,000 to enlarge existing surface parking lots on the capitol grounds.

Other bills among the 54 introduced Thursday included measures to:

Increase the railroads' share of grade crossing eliminations from 15 to 65 per cent with governmental units' share cut from 85 to 15 per cent.

Limit the income of deputy motor vehicle registrars from license fees to $10,000 a year.

Authorize county commissioners to hire an administrative officer.

Create a health department division to treat alcoholics.

Require the state highway director to be a registered engineer.

Require convicted sex offenders to register within 30 days after moving into a county.

Sent to Reformatory

ELYRIA, Ohio (AP)—Thomas Edward Welch, 28, has been sentenced to Mansfield Reformatory for 1 to 20 years for the fatal shooting of David Garcia Jan. 18.

Garcia was slain in the Welch home on North Ridge Road in Lorain, where Welch told authorities he found Garcia with his wife, Joyce Welch. Welch had been indicted for second-degree murder, but was allowed to plead guilty Thursday to a lesser charge.

Unique Approach

The approach of the City Recreation Commission to the problem of obtaining funds for a proposed community swimming pool in Marion is somewhat unique, and because it is the idea just might succeed.

There is nothing new about a fund campaign for $173,000, of course. The unusual aspect of the plan is that pledge cards, to be sent to virtually every home in the county, will be used as a "sampling" method in determining sentiment on the pool.

If the response to the cards is good, then the mechanics of the normal fund drive will be brought into play, including solicitation of industry, business and the professions.

If the response is poor, then the project probably will be dropped, at least in its present form.

One fact is clear. Anyone who is a strong advocate of a community swimming pool, and particularly those who plan to make constant use of it if it is constructed, should translate that feeling to the pledge card promptly and as generously as possible.

This is not a campaign in which there can be any question whatsoever about the use of the money. All of it will be used on the swimming pool project.

This pledge card "poll" puts the chips on the table. If you want the pool, "vote" for it with your pledge card "ballot."

It's as simple as that.

Constructive Step

The special Senate committee that is starting to investigate racketeering in labor unions can help unionism take a constructive step, if unionists will cooperate.

They know all about the problem of racketeering in the guise of unionism. They know it has given the labor movement a black eye and opened a chasm between it and large segments of the public.

They know it has hurt unionism with many union members whose confidence has been shattered by the abuses of racketeers and alienated potential unionists who want nothing to do with dishonesty and anti-social practices.

The question is whether bona fide union leaders and the hard core of bona fide union members finally have outgrown the fixation of unionism's formative period—that any challenge to any individual automatically became a challenge to all unionists, no matter what the justification.

Congress now stands ready to do for labor unions what it has been called on at various times to do for other key minorities—to help them with investigation and remedial legislation.

It has performed this service for banking, insurance, drugs, foods, securities and business in general through the anti-trust laws.

It has performed the service not only for minorities directly involved but for the general public. Yet in no case, with the possible exception of banking, has there been clearer justification for congressional interest than in labor unions, which could not operate at their existing level of influence without government sanction.

The Senate committee is not witch-hunting. It intends to do only what bona fide labor unionists have been trying to do by themselves —rout out the leeches that have fattened themselves on organized labor.

Cost of Living

By a statistical quirk, the new consumer price index of 118.2 for the month of January is twice as much, minus a few tenths of one per cent, as the same index for 1946.

This would seem to indicate that a consumer would pay twice as much for the things included in the index as he would have paid 10 years ago. But that, as it turns out, is another statistical quirk.

Forty-four years ago, in 1913, the index was half as much as it was 10 years ago and about a third as much as it is now. But in 1913, many things now taken for granted in the cost of living had not been heard of yet.

Transportation costs then were negligible. Packaged foods, gas and oil heat, electrical appliances, systematic medical and hospital care, antibiotics, electric lights, radio, television — these items of routine expense had no counterparts then.

The purchasing power of a dollar in 1913, compared with its 1947-1949 base value of 100, was two and a third times as much in 1913. But the quirk in that statistic is that in 1913 average weekly earnings in manufacturing were $11 for nearly 50 hours of labor. Today they are more than seven times that much for about 40 hours. There were a seventh as many dollars to spend.

The consumer price index, as the Department of Labor points out frequently, never was intended to be an absolute figure. It is relative to many other similar guides, which are relative to one another. All of them are full of statistical quirks.

And it is not a "cost-of-living index," as it is commonly and mistakenly called. While the statistical cost-of-living trend is upward. Americans who must live on fixed incomes are stabilizing their costs and even reducing them.

Three-Year Review Reveals Why Budget Is High

Just why is the federal budget so high? Is Ike becoming New Dealish and a convert to big spending?

Lawrence

The answer to both questions is that, once a commitment is made to a certain line of welfare expenses, the annual outlays grow bigger and bigger. Whether President Eisenhower likes it or not, he has to go along with the programs which have been initiated under previous administrations and which it is almost impossible for him or any future president, politically at least, to abandon.

That's the real story of what's back of the high budget. And the lesson to be learned is never to start any new line of commitments, such as federal aid to school construction, unless the American people, with their eyes wide open, realize that this means a constantly increasing expenditure indefinitely and not merely, as has been represented, a temporary plan for "just a few years."

The best way to explain the nature of these older commitments and what they mean in the course of only three years is to examine the expenditures for the fiscal year beginning July 1, 1954 and note the increases that have been made in those same items for the fiscal year beginning July 1, 1957.

-:-

IN THIS SHORT interval here are some of the increases:

1. Approximately 2.7 billion dollars is the result of increases for military operations and upkeep, military housing and bases, military research, maintenance of reserve forces, including one item of an additional 124 million dollars for pensions for retired military personnel and another increase of 483 million to develop the atom.

2. Another huge addition — 4.04 billion dollars — has come about primarily because of a 3.7 billion dollar increase in pensions for retired workers, widows and orphans, the needy aged, the blind and the disabled and a series of items such as 200 million for school construction and 132 million for medical research.

There is an increase of 17 million for school lunches, which now are to cost 100 million dollars a year, and, if anybody in Congress proposes to cut out this last sum, he will get into trouble politically back home, though everyone knows American parents aren't starving and can afford to pay a few cents a day to the school to prepare hot lunches for their children.

-:-

OTHER WELFARE expenditures of different kinds add up to an increase of 347 million over what was being spent three years ago for the same things.

3. Now in another category — veterans' benefits — there's a total increase of 591 million dollars and it's hard for congressmen to vote to cut that down.

4. In the aid given to the farmers, the total is up 455 million over what it was three years ago.

5. In the international programs, diplomatic activities show an increase of 440 million but, even figuring this in and noting that economic aid has come down by 25 million dollars since 1954, it would appear that the net increase for foreign aid is about 415 million.

This excludes an item of 500 million which the U. S. government will be spending to redeem its previously given notes of that amount to the international monetary fund. Presumably these notes could be floated in the open market and an equal sum collected

6. Interest on the public debt has gone up 834 million dollars and there is an item of 940 million increase for general management costs in government.

Another group of proposed expenditures listed in the budget includes 1.08 billion for highways, about 623 million for housing, and 212 million to promote aviation, with a couple items of added expense in disaster relief amounting to 61 million and 53 million for civil defense against possible atom attacks.

-:-

WHAT IT ALL adds up to is about 12.5 billion dollars more than was being spent three years ago and a large part of it is directly related to congressional commitments to projects and policies initiated long before the present administration came into power.

The annual expense now grows because prices have risen and costs are higher than ever before.

Also, as the population increases, there are more individuals retired, more who are entitled to pensions and more children who attend schools and need free lunches, and so on all along the line.

Once Congress starts a line of federal expenditure, each Congress is up against the question either of stopping the whole project or meeting the added expense that each year brings.

-:-

THE WHOLE TROUBLE is that, in the New Deal and Fair Deal years, elections were won by claiming that humanitarianism demanded all these "welfare" programs and now the uninformed voters — in a prosperous country, with states, cities and counties that ought to be able to take care of their own obligations in these fields of welfare — have put the major burden on the federal government.

The outlay is growing and growing, and there will be no tax relief till the country discovers that the federal government really cannot afford to keep on paying for things the local units of government ought really to be doing for their citizens.

The chances are the local units would do it more economically, too, because they are closer to the picture but when Washington is doling out the money, every part of the country has its hand out to get its share of the "giveaways."

Familiar Refrain

By RAYMOND MOLEY

Adlai Stevenson in seven different places in his carefully prepared speech to the Democrats of California complained that the newspapers and news magazines were unfair to him in the recent campaign.

In one place he said:

"What the newspapers and news magazines, the advertising agencies, the vast publicity resources of the government and big business and limitless money can do to conceal as well as reveal facts, to divert as well as to attract attention, to mislead as well as to lead public opinion, we would discount at our peril."

Also: "I solemnly assert that immunity from criticism from a large segment of the press, combined with massive and skillful use of propaganda and advertising, have brought us to a crisis in the honest political communication on which an informed electorate must depend."

-:-

SIMILAR COMPLAINTS, more sharply phrased, are present in the labor press. These innumerable publications, which are published by the unions, are certainly under no restraints about their own coloring of the news. But they loudly complain about the "kept," "capitalist" press

Perhaps this outcry is made in part to obscure the fact that the union leaders are spending plenty of the unions' money to get their own slant on the news across. They also have plenty of radio and television time in selected spots.

The Stevenson complaint is similar to that which was continually voiced by Presidents Roosevelt and Truman when they were in office. President Roosevelt delighted in twitting the Washington working press about their Republican publishers and in assuring them that he had no hard feelings about them — only about their bosses.

The fact was that a very considerable proportion of the Washington correspondents was thoroughly captivated by the great charmer and probably voted for him at elections.

The constant complaint by politicians about the bias of the press is not without a subtle purpose. It is like the screaming at the umpires in baseball by managers and players which, of course, never changes a decision after it is made.

It is not intended to influence a past decision but to cause the arbiter occasionally to give the breaks to the side that makes the loudest noise, just in order to make life a bit more livable.

The theory is the same with politicians and ballplayers: It is a conviction that the squeaky wheel gets the grease.

While no one can deny the statistical fact that a sizeable majority of the daily press in the North was editorially for President Eisenhower, it cannot be proved that, with a relatively few exceptions, the news was slanted on the Republican side.

But the complaint overlooks the fact that the time has long since passed when what Mr. Stevenson calls a "press lord" might by fiat fill the stories of his employes with bias.

-:-

THE WIDE EXTENT to which the working press in both newspapers and news magazines is unionized in the newspaper guild is a strong protection of tenure.

Moreover, so far as I have any knowledge, a good majority of the working members of the press were for Mr. Stevenson. Indeed, in some of the press the real problem of the management was to keep in the middle of the road despite the efforts of the people who write the news to give it the Stevenson slant.

The word "objectivity" was used so much that everyone grew a bit weary of it.

It wasn't the Republican "press lords" who defeated Mr. Stevenson. It was a man named Eisenhower, with a strong assist from Messrs. Stevenson and Kefauver.

Make It Effective

U.N. By-Passed in Mideast Crisis

By James Marlow

WASHINGTON

Announcement by Israel today that she will pull out of Egyptian territory may turn out to be a victory for Israel and a setback for the United States in its dealings with the Arabs.

Israel had refused demands by the United States and the United Natons to get out of the Gaza Aqaba Gulf areas, both claimed by Egypt, unless guaranteed Egypt couldn't use either to harass her.

When the news broke that Israel was ready to announce her withdrawal, there still had been no public promises of guarantees by either this country or the U N. Why then would Israel pull back?

Possibly because the United States, and other nations friendly to Israel, had given the latter pretty solid promises that U.N. troops would move into the Gaza and Aqaba areas to prevent Egyptian attack or blockade.

—:—

IF TRUE, THIS would not sit well with the Arabs, who had demanded the U.N. use sanctions to force Israel out of Egypt, without guarantees.

For weeks the United States — while talking up President Eisenhower's Mideast program for winning over the Arabs — had tried to pressure Israel into pulling back her troops.

This pressure was applied both by President Eisenhower in a nationwide radio-TV talk Feb. 20 and by Secretary of State Dulles in public statements. The Israelis nevertheless held out for guarantees.

And the administration, because of the reaction among friends of Israel at home and abroad, said less about pressure. Dulles talked intensely and almost incessantly with Israeli representatives.

—.—

THE UNITED STATES was on a kind of hook: if it didn't go along with the Arabs who wanted sanctions against Israel, it was in danger of alienating them just when Eisenhower was making his friendly gesture towards them.

But if it went along with sanctions — and as time passed it seemed less likely to — it would anger friends of Israel, both in America and among American allies overseas.

Dulles rushed on with his diplomatic talks with the Israelis behind closed doors. For days there was a kind of off-again-on-again air about the talks. But they seemed to be getting nowhere until Wednesday night.

Any attempt by this country and other friends of Israel to have U.N. troops protect Israel seems certain to provoke opposition from the Arabs, particularly Egypt.

—:—

BUT IF ISRAEL, through its powerful friends, is able to get what it wants — protection from Egypt—even without publicly stated guarantees, it will be a victory for Israel all the same.

This whole story, very fuzzy around Washington Thursday night, needs a lot of explaining.

Eisenhower and Dulles both have stressed reliance on the U.N. to settle international disputes. Yet the U.N. itself was forced into a back seat by the United States in its dealings with Israel.

The U.N. practically had to suspend operations and sat back immobilized while Dulles, in Washington, tried to find a solution.

This is one more example of what seems to be agrowing tendency among U.N. members to settle their disputes in huddles outside the U.N. Assembly chamber, which thus becomes merely a place where they announce the agreements they have made.

Our National Pastime

By TRUMAN TWILL

The fragility of baseball players, we gather, is going to continue at a high rate this season.

Luke Spavin, the all - American out, reported to training camp in Navel Orange, Fla., with a sprained index finger that has been bothering him ever since he overwassailed at Christmas time. He caught the finger in the handle on a Tom and Jerry cup during a bowl game.

Eph Sprain, looking for a comeback this year at bat and in the field, insists there is nothing wrong with his sacroiliac that a few days in the sun won't cure. But he noticeably favored his back in the first day's pepper games Eph reported early at the Dirty Sox camp to make an impression on the new manager, Gimlet Eye Fox He has been on hand since Jan. 1, hitting fungoes and munching mangoes

Elbow Chips, who was a disappointment to the last-place Punxatawney Pygmies in 1956, with a 0-20 record on the mound, says he has a new delivery this season. But scribes who watched him in early workouts at Thin Air, Ariz., suspect he is ticketed for the stocks. He throws with his other arm whenever he thinks no one is watching him during warmups.

Mie Graine has reported he is not a holdout as has been alleged but is undergoing psychiatric treatment to discover the cause of his blinding headaches. Ole Mie thinks he may have a repressed desire about his batting average last season which plummeted to .052 from his lifetime average of .076, considered low for major league outfielders, even among the so-called talent roaming the pastures for the Upper Aorta Goofers.

Training camp casualties started with a pop at Datetown, Calif., when $64,000 bonus baby Teddy Zuizkid essayed a slide into second base in an intrasquad game the first week. Teddy's knee, which bears the scars of an old playpen injury, came apart while the dust was settling. Two wheelbarrows were used to clear the field. He is expected to be out of commission for several years.

F. Owlball, Most Valuable Player of the Possum Ridge League last season, now trying out for catcher with the Damyankees of Upper Damsite, N. Y., became the conversation piece of the teeming camp at Wool Hat, Ga., when he reported with his head in a cast. Owl, as he is called back in Oregon, where he and his father own and operate a successful coondog kennel, says he has been assured the cast will be off by hot weather. He accidentally was treed and shot through both temples by a gang of over - enthusiastic coon - hunters. Meanwhile, he needs no mask.

Lick Spittle, the knuckle - ball artist being counted on to keep the Peg Legs in the first division this year, says the Adam's Apple trouble that plagued him last season was completely cured over the winter by neck exercises which developed muscular tissue to conceal the bothersome organ. Lick had a habit of putting his finger on his Adam's Apple after every pitch to see where it went when he swallowed. With the extra tissue, he no longer can find it.

Good news, too, from another key member of the Legs who reported in at their camp at Bloomerville, Fla. The butterflies which infested Manager Chunk Challenge last year and kept him under a doctor's care have disappeared. Chunk says he used an old family recipe for moth spray he found under a demijohn in his home

(With Apologies to Longfellow)

The shades of night were falling fast
As on the TV show there passed
A youth who bore, as cold as ice,
A banner with the strange device:
"I'm ready"

II

His brow was wet, his eye beneath
Flashed like a falchion from its sheath,
And like a silver clarion rung
The message from the emcee's tongue:
"But first, our sponsor . . ."

III

"Try not the heights," a small voice said,
"A guy should quit when he's ahead;
Some folks are never satisfied."
But loud the clarion voice replied:
"Let's have it."

IV

"Oh, stop," some voices said. "Beware
You wanna be a millionaire"
A tear stood in his bright blue eye,
But still he answered with a sigh,
"Would you repeat that question?"

V

"Beware the next one extra tough;
Take care the one you're apt to muff,"
Three came the warning through the night;
The kid replied far up the height:
"I'll continue"

VI

The music played, the booth grew hot,
The question came but stuck him not;
The audience cried, "Wotta man"
A message flashed across his pan:
" 'Twas nuthin'."

VII

"Will you collect or do you seek
Some further loot, same time next week?"
The answer cam with whiplike crack:
"Depend upon it I'll be back . . .
It ain't excelsior."

VIII

A pot of gold within his grasp,
Returning he fouled out at last;
He lost and took a lesser pile
Of dough but whispered with a smile.
"The question had too many parts."

L'ENVOI

There in the twilight cold and gray
Conked out, but jackpot-mad he lay;
His manner confident and sure,
He said, "For me there is no cure . . .
Get me another quiz show"

THE DREAM OF MILLIONS of kids, at ball in the sand-lots, to grow up to be a top figure in the big leagues has been realized by George Weiss, celebrating his 25th year as a head man with the Yankee organization. . . . To that height from the open fields of Shelton Avenue, in Hamden, Conn., where George played ball when not helping in his Dad's butcher market, is quite a leap. . . . George was not so hot as a baseball player, but he loved the game and, when barely out of his teens, was running a home town pro baseball team. (Well do we remember the games played at Lighthouse Point and the stops at Al MacDonald's Tabard Inn for a cool beer.)

A fellow who had been through Mike Wallace's TV third degree, came out singing, "Wallace Me Around Again, Willie."

Remember away back when you thought of Arabs as circus acrobats?

Hardiest of racing fans are those who are attending the Bowie meeting, held earlier than ever regardless of cold weather and even snow. . . . Some make the 400-mile 11-hour round trip from New York. . . . That's our idea of horse-track enthusiasm.

A Los Angeles woman got a divorce claiming her husband made her eat horsemeat. Maybe he thought she promised to live, honor and "O-neigh." Wives are getting too sensitive. Horsemeat isn't too bad if you don't have to start with a fetlock or hoof.

News of Other Years

40 YEARS AGO — The state department officially confirmed the fact that Foreign Minister Zimmerman of the German government had suggested an alliance between Mexico, Japan and Germany by which they were to make war on the United States. As payment Mexico was to get "lost territory" in New Mexico, Texas and Arizona. In answer to this statement the Japanese embassy at Washington claimed Japan would spur alliance with Germany against the United States.

—:—

20 YEARS AGO — Federal officials became alarmed over the high mortality rate in Congress. The death of Rep. Harry Elbert Stubbs, Democrat, of California, was the third during the session. The capital physician attributed the increasing number of deaths among congressmen to high tension caused by pending measures.

March first weather had Marion guessing. At first appearance, the month seemed to be approaching like a lamb. Later in the day, however, it took on the guise of a lion with snow beginning to fall.

Distribution of 24,480 eggs was made to relief clients throughout the county by Carl Campbell, surplus commodities distributor of the Marion County relief administration.

February auto sales set a new mark here with 670 bills of sale issued. The figure compared with the second highest on record in 1929 wher 614 bills of sale were issued.

—:—

10 YEARS AGO — Five hundred Red Cross volunteers in Marion County launched their 1947 campaign to raise $27,060, the county's quota of the American Red Cross national goal of $60,000,000. Workers in the residential district were headed by Mrs. John W. Dowler, chairman; Mrs. Harry V. Seiter and Mrs. Walter D. Moore, co-chairmen.

Safety-Service Director E. O. Uncapher announced the appointment of James A. Mautz of 360 Lafayette St. as business supervisor of Marion City Hospital. The new position reportedly was made necessary by the increased volume of business and by the illness of the hospital administrator, E. P. Ferguson.

Fifteen were killed and 15 others injured when a bomb was hurled into a British officers' club in the heart of modern Jerusalem.

The following were named on the board of trustees: Mr. Abbott, Mr. Hart and Mr. Vaughan.

Dance Canceled In Bellmawr, N.J., After 'Kidnaping'

BELLMAWR, N. J. (AP)—There was to be a banquet and dance here tonight but they have been postponed "until further notice."

The townspeople of Bellmawr don't feel like a gay time.

Blonde Mary Jane Barker, 4, disappeared last Monday morning while playing near her home. She hasn't been found and police believe it was a kidnaping.

The dance was to have been sponsored by the Jimmy Hoe Trust Fund which is trying to raise $10,000 in behalf of a 15-year-old Bellmawr newsboy injured by an automobile two days before last Christmas.

The banquet was to be for the installation of the fire department's new officers.

The City Council met Thursday night and announced the events were cancelled. The council then started a reward fund for the "return or information leading to the return of Mary Jane." Councilmen started the drive with donations totalling $250.

Mrs. Paul James Thomas

The wedding of Miss Patricia Ann Baker and Paul J Thomas is being announced. Details in the Wedding Column.

Weddings

A ceremony uniting in marriage Miss Patricia Ann Baker, daughter of Mr. and Mrs. Clarence Baker of near Nevada, and Paul James Thomas of Marion was read Saturday, Feb. 9, in Richmond, Ind., followed by a small reception that day at Marion, Ind., and another for the families and friends of the couple on Sunday afternoon, Feb. 17, at the firehouse in Morral. The bridegroom is the son of Mrs. Clara Thomas of 474 Avondale Ave. and the late Jesse A. Thomas.

The ceremony took place in the home of Rev. John R. Longstreth, Methodist minister in Richmond, at 2:30 p.m.

For her wedding, the bride chose a dress of black taffeta eyelet over aqua and her jewelry included a double strand of pearls and matching earrings

The reception following was in the home of Mr. and Mrs Buford Shaffer, brother-in-law and sister of the bridegroom

Serving at the larger reception held in Morral were sisters of the bridegroom, Misses Gertrude and Margaret Thomas of Marion and cousins of the bride, Mrs Gerald Wilson of Bucyrus and Mrs. William Thacker of Morral. Out-of-town guests were from Richwood, Marion, Bucyrus and Nevada.

Centering the table which held the wedding gifts was a bouquet of white gladiolus and pink snapdragons and the serving table was decorated with a three-tier wedding cake ornamented with swans, figures of a bride and groom and pink roses.

A 1953 graduate of Morral High School, the bride is employed at Roecker's Bakery in Marion Her husband was graduated from Harding High School in Marion in 1952 and is an employe of the Marion Engineer Depot They are making their home at the Avondale Ave. address.

Most Wyandot Children Protected Against Polio

UPPER SANDUSKY—The Wyandot County Health Department found in a recent survey that a majority of school children in the county have been immunized with polio vaccine.

There will be no mass inoculation by the local health department, as a result. The county medical society, in cooperation with the health department, will make available inoculation of polio vaccine at the local health office on the First floor in the Courthouse from 9 to 11:30 a.m. every Saturday through March and April for children through 19 years of age The survey was completed on Feb. 27.

Major Takes Course

Sewer Rental Being Studied By Mt. Gilead

MOUNT GILEAD — An ordinance to establish sewer rentals was given its first reading when members of the Mount Gilead Council met this week. Second reading is expected at the meeting to be held on March 4 and the final reading at the March 18 meeting. Members of the Board of Public Affairs met with the council.

Council also discussed the possibility and will investigate the rental of a cruiser for use of the village police department. Authorization was given for the purchase of a speed meter at a cost of approximately $425.

The sewer ordinance provides for a tap fee and for assessments incidental to the extension of sewer lines inside and outside of the village limits.

The sewer fee, to be payable quarterly by village residents, would amount to a sum equal to 50 per cent of the water bill and would be billed and due at the same time the water bill is due.

A uniform fee of $20 was set for sewer tap fees. Cost of extending lines will amount to the actual cost of labor and materials.

A sewer rental fee of $25 yearly, payable quarterly, was established for those residences which use sewer facilities but not village water. The sewage rates are needed to pay for help at the new sewage treatment plant and the cost of upkeep and maintenance of the plant.

Judge at Bucyrus Studies Civil Suit

BUCYRUS—A decision probably will be rendered within the next two weeks here by Crawford County Common Pleas Judge John C. Carroll in the $400 action for money of Weatherseal of Central Ohio, Inc., Mansfield, against Mr. and Mrs. John W. Fox, Galion.

Trial was concluded here Wednesday before Judge Carroll after trial by jury had been waived and attorneys will submit briefs before a decision is reached, Judge Carroll said.

The Mansfield firm seeks to collect $400 for storm doors and windows, allegedly ordered by the defendants and then rejected. The Foxes claim delivery was late resulting in the rejection.

Cub Scout Notes

The annual "Blue and Gold" banquet of Cub Scout Pack 23 of Prospect was held at the school Sunday at 6:30 p.m. Parents were guests. Rev. Clayton Peaslee gave invocation and table grace. A pot luck dinner was served.

The following received achievement awards: John Roller, Wayne Hastings, Jerry Hughes, Clyde Beckel Jr., Mike Oswald, Jimmy Cloud, Tom Stone, Larry Osborn, Mike Wilcox and Terry Redmon. Paul Love, district executive of Marion and Morrow counties spoke. Post 3 of Marion, under the leadership of George Bull, entertained with Indian dances.

—:—

Cubmaster Floyd Knox presented achievement awards to 63 cub scouts in Pack 14 Wednesday at the annual "Blue and Gold" banquet held in the Pearl Street School auditorium.

New den mothers honored with pins were Mrs. Damon Ledley, Mrs. Larry O'Day, Mrs. J. N. Ritzler, Mrs. Paul Young, Mrs. Roy Pierce and Mrs. William Howison.

Robert Morrison, chairman of the pack committee and former cubmaster, was presented a scouting award by Howard Fralich, institutional representative.

Dr. N. E. Rickey of Prospect displayed and gave the history of his collection of small firearms. Russel Simmons was toastmaster.

Guests were Thomas Petrie, principal of Pearl Street School, Dr. William Williams, neighborhood commissioner, and Mrs. Williams. In charge of the banquet were Mrs. Fralich, Mrs. Knox, Mrs. Donald Quaintance and Herbert Stuebner.

Cardinal Stritch Raps Rock 'n' Roll In Youth Centers

CHICAGO (AP)—Saruel Cardinal Stritch, Roman Catholic archbishop of Chicago, denounced the use of rock 'n' roll music in youth recreation centers in a Lenten pastoral letter Thursday.

He described rock 'n' roll music as "tribal rhythms which have a certain vogue in one day.

"Some new manners of dancing and a throwback to tribalism in recreation cannot be tolerated for Catholic youths," the cardinal said.

"And now I come to a matter, the very mention of which pains me. It has come to my attention that in some of our high schools and recreation centers, dancing and music are permitted which should bring the blush of shame to Catholic educators.

"When our schools and centers stoop to such things as 'rock and roll' tribal rhythms, they are failing seriously in their duty. God grant that this word will have the effect of banning such things in Catholic recreation."

Rules on Fire Trucks

Private Detective Tells Of Getting Scandal Data

LOS ANGELES (AP) — A private detective has told a State Senate investigating committee that the way to get rid of scandal magazines is to get rid of scandal.

The committee is inquiring into sources of information used for articles in such publications.

The private eye, Fred Otash, also testified Thursday that he once was Anita Ekberg's boy friend, and that he later supplied Confidential magazine with secret photographs of the shapely Swedish actress.

Otash suggested to the committee that the Communists and the sex deviates be ousted from the movie industry, that male movie stars stay with their wives and female movie stars stay with their husbands.

"If you do that," added Otash, "you'll have no scandal — and no scandal magazines."

The committee heard testimony about a proposed $350,000 movie industry fund to combat scandal magazines and about a pocket electronic device that can radio a conversation to a recorder in a panel truck three blocks away.

The Senate committee is investigating whether state laws need tightening to stop private eyes from selling information on their clients to expose magazines.

Otash, 35, black-haired and manicured, said he never had done that and knows no private slueths who have. He said he was paid a minimum retainer of $7,500 a year by Hollywood Research, Inc., which he said "buys stories for publications such as Confidential and, I imagine, other scandal magazines."

The husky investigator said he went with Anita "for about seven or eight months in 1954."

Sen. Edwin Regan (D-Weaverville) asked him about an article in the magazine concerning Miss Ekberg and British actor Anthony Steel, now her husband.

"Yes, I assigned men to photograph Anita and her house," Otash replied. "One photograph was made at the beach where my man hid behind a hill and shot movies of her coming out of a beach house. He had a telephoto lens."

Otash described his agency's wireless listening device and said the panel truck has "one-way mirrors so pictures can be shot from the inside to the outside."

The proposed movie-industry fund was described by another private investigator, William S. Lewis, who testified that late in 1955 he had a "long conference" with Mervyn Leroy in the producer-director's office regarding a movie industry organization to combat expose magazines. Nothing come of the plan, which Lewis estimated would cost $350,000.

Defendant Winner Of Case Heard in Crawford County

BUCYRUS—A directed verdict in favor of Edna Neuman Nelson of Crestline has been returned here by Crawford County Common Pleas Judge John C. Carroll in a $54,448 personal injury suit brought against her by Orville F. LaBarge of Shelby.

Trial by jury was waived and the judge sustained the motion of the defendant's attorney for the directed verdict, court employes reported today.

Mr. LaBarge alleged he suffered permanent ankle injuries on Nov. 3, 1953, while employed as a bread salesman for the Continental Baking Co., Mansfield. He claimed he stepped from his truck into a hole on the sidewalk while delivering bread to a Crestline grocery at the southwest corner of Seltzer and Bucyrus Sts. He charged his ankle was injured permanently and had sued the defendant as owner of the building, where the accident allegedly occurred.

In a separate action, not scheduled yet for trial, Mr. LaBarge asks judgment of $69,836 from the village of Crestline and the Ohio Edison Co. His petition stated that the hole in the sidewalk allegedly was caused when a utility pole was removed by the Ohio Edison Co., leaving a depression.

Man Bound Over On Three Charges

Albert I. Nash, 19, of Columbus, formerly of Marion was bound over to the Marion County Grand Jury on a $2,500 bond when he pleaded guilty in Municipal Court today to two charges of burglary.

Thursday, he pleaded guilty to a separate charge of automobile theft and also was bound over on a $2,500 bond on that charge.

City police arrested him earlier this week and alleged he broke into the Oakland Heights and Glenwood schools Monday night. A total of some $13 was reported missing from the two schools.

Nash also is charged with the theft of an automobile owned by Charles E. Conrad of 132 Johns St. Tuesday night.

Police report that Nash presently lists his residence as Columbus but say that he formerly lived in Marion and recently has been serving time in a California prison on an automobile theft conviction. Police Chief Justin Cornely said he was paroled from the California prison last November.

Ike Would Prefer Dry Climate for His Cough

WASHINGTON (AP) — President Eisenhower complained about his cough again today and suggested he would like to get away to a warm, dry climate for awhile.

The President has been bothered by a cough for several weeks. It has been hanging on since January when he caught a cold while watching the inaugural parade which marked the start of his second term.

At the White House this morning, Eisenhower conferred with John. L. Lewis, president of the United Mine Workers of America, and other members of a citizen advisory committee set up to study the United States foreign aid program.

J. M. Frank, 27, 699 Woodrow Ave., $15 and costs, failure to have assured clear distance.

Stanley Graves, 44, of Ashley, $15 and costs, speeding.

Freddy Hopgood, 41, of Cleveland, $15 and costs, truck off state route.

—Upper Sandusky—

UPPER SANDUSKY — Clyde L. Wuethrich, of near Upper Sandusky, was fined $20 and costs by Mayor J. Craig Bowman on a charge of speeding filed by an Upper Sandusky policeman. The defendant was alleged to have traveled at a speed of 65 miles per hour on Guthrie St. here.

Howard E. Coppler of Upper Sandusky, was charged with speeding 65 miles per hour on route 23, by an Ohio State highway patrolman. The defendant was fined $10 and costs.

—Crawford—

BUCYRUS — Three of the six drivers arrested by highway patrolmen of the Bucyrus post were cited to appear before Bucyrus Mayor J. L. Sullivan.

These drivers and their charges were Jessie Ball, 32, of Galion, out-of-state license plates; Robert Kibler, 21, of Bloomville, speeding, and Ernest Jameson, 42, of Lima, speeding.

Three other drivers were fined on various charges in area courts. They were: John Tornichio, 30, of Crestline, speeding, fined $15 and costs by Mayor Albert Smith of Crestline; James Massey, 24, of Akron, no valid license plates, fined $10 and costs by Justice of the Peace John Neff of Bucyrus, and Richard Kerr, 41, of Jeromesville, expired chauffeur's license, fined $20 and costs by Mayor Sullivan.

Date for County's School Musicale Okayed by Board

Dates for the Marion County school musicale and the annual school honor society banquet were set at the Thursday meeting of the Marion County Board of Education in the office of D. T. Mills, county superintendent of schools.

The musicale will be held April 23 in the Memorial Coliseum, while the honor society banquet is scheduled for April 10 in the Morral High School gymnasium.

Payment of bills and an informal discussion period took up the balance of the board's meeting time. Present, besides Mr. Mills, were Ralph Williams, board president; William Knowles, vice president; and Edwin Carey and Clifton Wenig.

Phones

(Continued From Page 1)

After that, business places downtown will have their phones repaired, and, a company spokesman said, in a few months, all of the areas 17,000 phones will be back in working order.

State highway patrolmen and Ohio National Guard officers were standing by in case of any further outbreaks, but they apparently are not needed.

Adj. Gen. Leo M. Kreber of the Ohio National Guard, here as an observer, said the Guard will remain until certain "everything will remain quiet."

Local 4372 of the CWA and 24 of its members were found guilty of contempt of court. The group was charged with violating a court order limiting picketing at company property.

Common Pleas Judge William D. Radcliffe of Pickaway County, however, imposed no sentence on the men and fined the union court costs.

"To sentence you at this date," he said, "would be an act of vengeance."

Marion Hunter Suffers Accidental Gun Wound

Gary Harruff, 25, of 565 Davids St., suffered a minor gunshot wound about 9:30 a.m. today when the .22 caliber rifle he was carrying accidentally went off, the slug just grazing the great toe of his right foot

Sheriff's deputies said Harruff was hunting crows east of New Bloomington at the time of the mishap. The slug glanced off the steel toe of his shoe, thus preventing a more serious injury. Young Harruff was treated by a local physician.

Injured in Accident

GALION—Mrs. Betty Randolph, 26, of Mount Giletad, an employe of the North Electric Co. here, had her fingers caught in a punch press at the firm Thursday night. The accident required amputation of the upper third of the third and fourth fingers and a fraction of the fifth finger of the right hand.

20-30 Club Members Inspect Local B. F. Goodrich Factory

A first-hand look at the manufacture of reinforced rubber hose was given members of the Marion 20-30 International Service Club Thursday night when they toured the Marion plant of B. F. Goodrich Co., located southwest of the city on the Green Camp Pike.

Preceding the guided tour, a brief history of the Marion division and of the rubber industry was provided by Robert H. Van Sickle, plant manager, and Joseph K. Lyons, technical service manager.

The guests were shown the complete manufacturing operation for the hose, which starts as thin sheets of pliable rubber compounds and emerges as a seamless rubber tube covered with a braided mesh of yarn, fine steel wire and a thin rubber coating.

Hose Is Vulcanized

The compounds used are soft and pliable, with a low resistance to tear, until the finished hose is vulcanized in huge pressure cookers which put the stretch or "bounce" in the rubber.

Heart of the hose making process is the horizontal braider. Large looms weave the yarn and wire around the inner rubber tube at high speeds, reinforcing the tube so it can withstand extreme pressures. A covering of lead is pressed around the hose, which acts as a mold so the layers of rubber, cotton and wire can be vulcanized into one solid mass of a specified thickness.

After the lead covering is stripped off, the hose is tested with water under high pressure for leaks and defects, then is dyed for uniformity in appearance, and given a final visual testing. Measuring and coiling for shipment completes the operation.

Hydraulic Hose

The Marion plant, with three acres of floor space under one roof, makes a hydraulic control hose to convey liquids such as hydraulic fluid and oil under very high pressures, and also a gasoline hose for service station pumps.

Assisting with the tour, along with Mr. Van Sickle and Mr. Lyons, were William V. Stout, personnel manager, and Daniel E. Roecker, buyer - service supervisor and a 20-30 Club member.

Preceding the tour, a dinner meeting was held at the YMCA, with President Robert Rice in charge. Thirty-eight members and guests attended. Guests included Scott Abell, William Briggs, William Lore and Lou Pinderski, all of Whirlpool Seeger Corp., Richard Freese of Marion County Bank and William Stout of B. F. Goodrich.

Tax Collection At High Point

$253,543 Taken In On Single Day Here

The best day yet in collection of Marion County property taxes was reported Thursday by Marion Hinklin, county treasurer.

Collections for the day totaled $253,543.90.

The treasurer's office is expecting another big day today, he said. Deadline for paying first-half taxes is Saturday at 3 p.m.

The treasurer's office will be open from 7 to 8 p.m. today and will stay open until 3 p.m. Saturday for the benefit of last-minute taxpayers, Mr. Hinklin said.

Taxes sent by mail which is postmarked before 3 p.m. Saturday will be credited with being paid on time, he said.

Transportation Given To Area Vaccine Clinics

BUCYRUS—Two Bucyrus organizations, the Salvation Army and Kiwanis Club, will furnish free transportation for underprivileged pre-school children to Salk vaccine inoculation clinics now being held in rural schools of Crawford County.

Arrangements for the transportation are being made by the Kiwanis Club's underprivileged children's committee of which Lieut W. B. Spence of the State Highway Patrol is chairman.

The transportation offer has been approved by the county health department and the same service is expected to be offered underprivileged pre-school children in Bucyrus when the inoculations are given next month.

Two Autos and Truck In Garages Ransacked

Ransacking of two automobiles and a truck in the 300 and 400 blocks on Windsor and Cherry Sts. was reported to Marion police Thursday.

Ralph Cramer of 388 Cherry St. said that his car, parked in his garage, was ransacked and a flashlight and the car keys were stolen from it.

Walter Wick of 491 Windsor St. said that his pick-up truck, parked in his garage, was ransacked and the keys stolen from it. He also reported that a neighbor's car was ransacked but that nothing was taken from it, according to the police report.

Kenton Cage Players Win Bet With Teacher

KENTON — One bet she didn't mind losing was paid off here Thursday by Miss Mary Ralston, teacher at the Ellis Junior High School.

At the beginning of the basketball season, Miss Ralston bet the members of the basketball team they could not win all their games this season. The boys proved her wrong and racked up a record of 15 straight wins.

Thursday, Miss Ralston took the 15 members of the squad to a local drug store and lined up 15 banana splits which the team members eagerly devoured. Coach of the squad is Claude Stober.

Not Guilty Plea Filed By Playwright Miller

WASHINGTON (AP) — Playwright Arthur Miller, 41, pleaded innocent today to an indictment accusing him of contempt of Congress. Miller is married to screen actress Marilyn Monroe.

"I plead not guilty," Miller said at brief arraignment proceedings before U. S. Dist. Judge Charles F. McLaughlin. They were the only words he spoke.

Miller's chief counsel, Joseph L. Rauh, asked for 30 days in which to file motions attacking the indictment. Judge McLaughlin granted the request and set May 13 as the tentative date for Miller's trial.

Engineers

(Continued From Page 1)

A question arose as to whether it would be necessary to have a resident engineer on the job at all and John Ruth, city engineer, said there must be.

Mr. Haldeman asked Mr. Bigelow whether or not Browne and Associates would be responsible, under the terms of their contract with the city, for the proper construction of sewers even though no resident engineer were employed.

Mr. Bigelow said the consulting engineers would not be responsible if no resident engineer were employed to supervise the construction according to specifications.

Councilman-at-large John Courtright Jr. said he telephoned Mr. Browne and asked him whether the firm's contract with the city required that the firm employ the resident engineer.

He said that Mr. Browne told him that the contract gives his firm general supervision over construction of the sewers (the Indiana Ave. and Forest Lawn Blvd. sanitary trunk and relief sewers) and that regardless of who employed him, the resident engineer would be responsible to the engineering firm. Browne and Associates in turn are both morally and legally responsible to the city for the correct construction of the sewers, Mr. Browne said, according to Mr. Courtright.

—:—

ONE OF THE points in Mr. Bigelow's argument for employment of an additional engineer in the engineering department was that he would be directly responsible to the city and that records and information compiled on the sewer construction projects would be the property of the city. He was supported in this by Mr. Ruth, who added that if the resident engineer is employed by Browne and Associates, the records may not become the property of the city.

Mr. Courtright said that Mr. Browne also had told him that even if the resident engineer were employed by Browne and Associates, he still would be an agent for the city.

This part of the meeting ended with no definite decision being reached on Mr. Bigelow's recommendation.

Earlier, the sewer committee decided to recommend payment of $59 on a sewer damage claim submitted by a George St. resident. Total of the claim was some $170. Discussion on whether the city was responsible for the damage claimed occupied more than an hour and brought forth considerable comment.

A question arose as to whether the city is responsible for repairing the sewers connecting sanitary facilites in houses to sewers in the streets.

Mr. Bigelow said that the policy which has been followed since he has been safety-service director is that the city is responsible only for the main sewer (lateral, branch or trunk) in the street and to the first joint in the house connection away from the main sewer. Mr. Ruth said this had been the policy for many years.

Those attending the meeting were: Mr. Haldeman; Herman Rinehart, Third Ward, sewer committee chairman; Mr. Williams: Mr. Courtright; John Corwin, Fifth Ward; Emmett Osterholt, Sixth Ward; Mr. Ruth and Mr. Bigelow.

Sohio Income Up

CLEVELAND (AP)—A 16 per cent increase in net income for 1956 was reported here Thursday by Standard Oil Co. of Ohio. Net income for the year was $26,591,560, compared to $23,008,465 for 1955. The increase amounted to $5.35 per share compared with $4.61 the previous year.

Besides the record profits, the company reported new highs in sales, production and capital expenditures.

The top score in last year's quiz was 88, achieved by Dave Lockwood, a Harding senior.

Serving on the committee which made arrangements for the quiz were Mrs. Mildred Grigsby, Gene Maynard and Paul O'Rourke from Harding, Sister Myra and Sister Bernard Miriam from St. Mary, and John A. Maxwell Jr., William R. Diem Jr. and Mrs. William Bomberger of The Star.

Family Night Slated

FOREST — Family Night for members of the Forest Methodist Church will be observed Sunday starting with a tureen dinner at 5:30 at the dining room of the church. Families are to bring two tureens, sandwiches and their own table services. After the dinner a program will be presented by the young people of the church.

Local YMCA Fund Receives Building Deed

Deed for the Lewis Building at 188-194 W. Center St. was transferred today to the YMCA Endowment Fund, Inc.

The building was a gift of R. T. Lewis, local real estate man who has been interested in youth and the YMCA program for many years.

Income from the building, which houses Kline's Department store and the City Loan Co., will be used to provide college scholarships for Marion County young people, and eventually will provide funds for capital expenditures of the local "Y."

Karl W. Schell, treasurer of the YMCA fund, said that $1,000 from the building's income will be set aside annually for the scholarship program which will start in 1962 and continue for a minimum of 25 years, with three annual scholarships to be provided for students at the College of Wooster, Ohio State University, and another college of the student's choice.

In addition, a portion of the income will be set aside as an annuity to Mr. Lewis during his lifetime and that of Mrs. Lewis. A maintenance and emergency fund also will be set aside annually and accumulated over the years for some major expenditure or for use in an emergency, or as the board may direct, Mr. Schell said.

Along with the deed, paid-up insurance policies, the last expiring in 1958, were transferred to the YMCA Endowment Fund.

The Lewis Building, located in the approximate center of Marion, was erected in 1929. In 1955, the Kline store installed a new front and modernized the entire first floor and basement. The City Loan Co. is planning an improvement in its section, consisting of a new front, lowering of the ceiling and installation of new furniture and equipment.

Both tenants have occupied the rooms since the building's erection in 1929.

Gift of the building to the YMCA Fund was announced by local "Y" officials Dec. 22.

Trujillo

(Continued From Page 1)

There have been conflicting reports about Murphy's disappearance. One is that Murphy unknowingly flew Galindez from New Jersey to Ciudad Trujillo, then was killed when he became suspicious later. The Dominican government has denied this, contending Murphy was slain in a quarrel with another pilot who then — according to this version — hanged himself in remorse.

Porter declared that Trujillo's "barbarous tactics for holding and maintaining power are not confined to his domain."

"Trujillo's thugs have the audacity to bring his strong-arm methods right onto American soil," he said. "He operates a network of terror in this country with apparent impunity. Anonymous calls, threats, coercion, frameups and murder are commonplace."

Porter said there was evidence of "foul play" in the Murphy case and that "it might be too late to save his life." He said he had tried without success to get the cooperation of the Dominican government and had appealed to President Eisenhower and the State Department for help.

Jailbreaker Suspect Is Arrested by Patrolman

BUCYRUS—A Mount Gilead area man charged with forgery and jailbreaking was apprehended Thursday night by patrolmen of the Bucyrus post just north of the Upper Sandusky city limits, highway officials reported today.

Patrolmen said the suspect, identified as Robert Eugene Hawkins, 22, was driving a car bearing an improper title when he was picked up at 6:30 p.m. on a back street off Route 23. He reportedly had escaped last week from the Morrow County Jail.

Hawkins had altered his appearance, patrolmen said by cutting his hair and dying it red, while it previously had been black and curly.

The suspect is being held in Bucyrus City Jail pending further investigation, patrolmen said.

2 Fined at Upper

UPPER SANDUSKY—Two men involved in a Saturday night disturbance at the Eagles Lodge here were assessed fines of $10, costs each on a hearing before Upper Sandusky Mayor J. Craig Bowman Wednesday night.

Charged with disturbing the peace were Harold B. Leeth, 23, of near Nevada and Alexander Penwell, 36, of near Upper Sandusky. Both entered guilty pleas. An Upper Sandusky area youth, allegedly involved in the incident, will appear later in juvenile court.

Arrests were made by the Upper Sandusky police department.

MRS. EVANS STILL LIVING

In a recent story in The Star on George Pfann's election to the Football Hall of Fame, it was incorrectly reported that Mr. and Mrs. Dan Evans were deceased. Mrs. Evans is living and makes her home in Delaware.

Marion Area Auto Mishaps

Three minor no-injury traffic accidents were investigated Thursday by Marion police. The sheriff's office reported one accident in the county.

A collision at Silver and Leader streets at 11:46 a.m. involved a car driven by Ora Ford, 64, of Meeker and a mail truck driven by L. M. Layman, 27, of 283½ Park Blvd., police reported.

Each of the other two accidents caused less than $100 total damage, police estimated.

Driver Uninjured

Mrs. Ola B. Dille, 64, of LaRue, escaped injury at 2:50 p.m. Thursday when the car she was driving sideswiped a parked vehicle and careened to a stop in a ditch in Green Camp. Mrs. Dille was southbound on Green Camp's High St. when the mishap occurred. The parked car was owned by Merl Hilborn of Green Camp.

County Heart Fund Climbs To New High

Heart fund contributions have climbed to $7,350, the highest mark in county history, Clayborne W. Smoot, treasurer of the Marion County Heart Association, reported today.

The figure represents an increase of $1,300 since the local house-to-house canvass last Sunday in which $6,028.80 was collected. Returns from county rural communities not previously reported, mailed contributions and memorials have boosted the local fund since Sunday, Mr. Smoot said.

Community reports are as follows: Prospect, $213.21; New Bloomington, $32.21; Waldo, $196.17; Meeker, $69.67; Caledonia, $107.55, and Morral, $65.73. Other contributions received since Sunday from mailings and memorials total $636.90.

Mr. Smoot said that although contributions have been higher this year than ever before, a need for additional funds to support research and heart education still exists.

He urged all those who have not yet given to the heart fund to mail their contribution to the heart association, care of the local postmaster.

the scheduled Israeli withdrawal announcement glumly. Some Arab delegates appeared disappointed because the development might rob them of a chance of obtaining a condemnation and penalty action against Israel.

Correspondents touring the Gaza Strip Thursday reported that Israeli forces there showed no signs of preparing for a withdrawal, and the Israeli military governor of the area said he had neither plans nor orders to pull out.

Stassen Told To Work Under Dulles' Guidance

WASHINGTON (AP) — President Eisenhower today directed Harold E. Stassen, his disarmament aide, to operate from now on under the policy guidance of Secretary of State Dulles instead of reporting directly to the President.

Dulles said the shift means "no change" in Stassen's title as a special assistant to the President on disarmament matters.

There have been reports that Dulles has been dissatisfied with operation of Stassen's office as what in effect has been a foreign policy function independent of the State Department.

Stassen said he will continue to have Cabinet rank status.

Official Says Pay Hikes Due Area School Heads

BUCYRUS—The Crawford County School Board was told at its regular monthly meeting here Wednesday night by County School Supt. W. S. Ferguson that some rural school superintendents in the county may be eligible for much higher salaries through a proposed state aid program, providing for the pay being based in proportion to their training and experience.

Mr. Ferguson said he felt the salaries of rural school administrators in the county were low. He said the proposed scale would make it possible for a few superintendents to recieve an increase of as much as $2,000 a year.

Title Office Scheduling Extra Hours for March

The title office in the Marion County courthouse will be open from 8:30 a.m. to 4 p.m., the noon hour included, Monday through Friday during March, according to Miss Margaret Howser, Marion County clerk of courts. The office will also be open from 8:30 a.m. to 12 noon on Saturdays.

Miss Howser says the new hours are to accommodate motorists who must get title transfers or new titles in order to purchase licenses for cars, housetrailers, truck trailers and trucks. The deadline for purchasing all licenses is April 1.

Red Underground

By Victor Riesel

CHICAGO — Soon this city will have two loops — one above ground and one underground — the second by courtesy of the Communist party which wants to tighten it around the jugular vein of the nation's industry.

VICTOR RIESEL

Sound melodramatic? Certainly. But only because the truth is so corny it would embarrass a convention of soap opera script writers. Truth is that the Communist party is returning to this city of its illegitimate birth with an underground network replete with codes, signals, short wave apparatus, disguises and even plastic surgeons.

That's what makes the testimony of party chief Eugene Dennis before the Senate Internal Security Committee the other day particularly arrogant.

On Monday, Dennis sneered that it was "absurd, fantastic and preposterous" to believe that the Communist party's 16th national "convention" had been directed by Moscow.

Absurd? Our government can prove that since the summer of 1949 the Communist party's underground machine has had a national system of radio communications.

-:-

OBVIOUSLY someone in the Communist high command was told to get underground swiftly in preparation for the furious reaction to the invasion of South Korea a year later.

So the party's technicians began buying radio receivers. They began training selected party members to handle radio equipment.

Transmitting and receiving units were organized and put on a mobile stand-by basis.

For months the party hierarchy sought out amateur as well as professional radio operators among its members. It got quite an assist from those communications union locals it controlled.

So skillfully was this shortwave network created that it escaped FCC detection.

That communications apparatus still exists. From Chicago it will be able to reach the rest of the country much more easily than it would from its current location in New York.

In that summer before Korea went ablaze, great quantities of materials were stored for underground operations. That material is still cached.

-:-

FOR EACH STATE or section, reserve funds were set aside both in cash and in fake bank accounts. There is evidence that there was as much as $25,000 for one Ohio unit alone.

Hideouts and secret storage space are spotted across the land. In these are mimeograph machines and printing material and equipment for propaganda purposes as well as for party directives and communications.

Several thousand members were peeled off from the registered party lists so they could be shifted about the country when some assignment of leadership or espionage required it on orders from New York — or the big fellow in Moscow.

The rest of the party's membership was grouped into cells of five or less. Code names were given to all. Also coded addresses for mailing purposes.

Underground party schools exist today. Only trusted party members, known by numbers and symbols, are permitted to attend them.

Here there is not much discussion of the old revolutionary philosophy of Lenin and Marx. Party men are briefed in what Moscow needs most today. Men and women are trained in tactics for infiltrating key unions.

And don't underestimate that infiltration.

One government report states: "Students at a party school in Oakland, during 1949-1950, were enrolled by numbers, instead of names. And students at the school were directed to refer to each other by their enrollment numbers rather than by their correct or party names."

Where the underground had to keep records these were carefully concealed in homes and business offices of secret party members. The data was in the form of charts and code systems.

This apparatus is mostly intact today. Party chief Dennis knows all about it.

Melodramatic? Yes. Absurd? No.

Fresh Script

By Hal Boyle

NEW YORK — Hollywood always claims it is looking for fresh scripts about real people—scripts with a true-to-life flavor that carry a warm human appeal.

HAL BOYLE

All right, Hollywood, let's test you. Here is a script that has everything you say you are looking for. But will you buy it?

The script:

Once upon a time there is this tall, lanky boy scout who wears glasses, see, and is shy and awkward and so absent-minded that when he comes to a telephone pole he steps aside to let it pass—because he is always polite and considerate of others.

—:—

SOME PEOPLE THINKS he stutters, but he doesn't really stutter. He is just so struck with the moonbeam wonder of living that midway in a sentence he changes his mind because he has thought of something else to say. This makes his talk a bit puzzling.

He dreams of being an accordion player, a magician, an actor and a big game hunter. He reads about Charles Lindbergh flying the ocean alone, and he wishes he were Lindbergh.

"That boy Jim would do better to go to work in his dad's hardware store," say his neighbors in a town with the unlikely name of Indiana, Pa. "He don't know what he wants."

—:—

INSTEAD JIM GOES to Princeton University where, as thousands cheer (he's a cheerleader), he dreams of being an engineer, an actor, a stage boss.

Jim finally graduates — with a degree in architecture, his latest dream — and lands a job doing card tricks and playing an accordion in a New England tearoom. He does a few summer theater roles. Then he becomes a stage manager in Boston.

After a few on-and-off - stage noises along Broadway, Jim goes to Hollywood, where his shy and gangling charm win him a quick buildup as "The Boy Who Lives Next to the Girl Next Door."

—:—

THE PRODUCERS, who at first think Jim will be easy to push around because he is so polite and doesn't seem to know what he wants, are surprised to find he knows what he doesn't want — sterotyped roles. In 1940 he wins an Academy award in "The Philadelphia Story."

War looms. The draft board defers Jim because he is too light for his height. So he puts on 10 pounds, the draft board tosses him to the Air Corps as a private, and Jim's pay drops from $12,000 a month to $21.

He becomes a bomber pilot and goes over to Germany as a big game hunter in uniform. He flies 20 combat missions, comes home a full colonel with a distinguished flying cross, won the only way it can be.

—:—

JIM TAKES UP his film career where he had left it — at the peak In 1949 he finds Gloria, the girl he knows he wants, and they marry and have a fine pair of girl twins.

The last dream? In 1955 Warner Bros. asks Jim if he would like to play Lindbergh in a picture called "The Spirit of St. Louis."

"Be Lindbergh?" asks Jim. "I've dreamed of it most of my life."

Then, when the picture is completed, Uncle Sam adds a final touch. The President of the United States nominates Jim to be a brigadier general in the Air Force reserve — the same rank Lindbergh has.

A few days later, standing in the midst of a crowded studio party, Jim, who once wanted to be an accordion player, thinks back on all his boyhood dreams. All have come true but two. He hasn't been an engineer or an architect, but if he had, could he have built or designed a happier life?

That, Hollywood, is the script. If you want to buy it, see Jimmy Stewart. He lived it.

Ohio Teachers' Head Backer Of Federal Aid

COLUMBUS, Ohio (AP)—Federal aid is "the only answer" to crowded classes and "makeshift classrooms in cafeterias, basements and churches," the president of the AFL-CIO Ohio State Federation of Teachers declared here today.

Paul B. High of Cleveland told the Ohio Federation's annual convention that "even if Congress enacts such a law, it may be too little and too late, but a significant step in the right direction."

High, who is also vice president of the American Federation of Teachers, said it is important that teachers become affiliated with labor groups.

"There is little that teachers alone can do to change arbitrary, unfair and often illegal decisions and practices of superintendents, principals and school board members," High said.

The convention ends tomorrow night.

U.S. Attorneys Compile Crowell-Collier Report

WASHINGTON (AP) — Government lawyers today began the task of assembling a report on a debenture sale by Crowell-Collier Publishing Co. for submission to the Securities and Exchange Commission (SEC).

The report will cover almost seven weeks of hearings into SEC staff allegations that the firm misrepresented the four million dollar issue in 1955-56 as "private," and thus not subject to registration with the commission.

SEC Counsel Edmund H. Worthy, who handled most of the questioning in the long case, told a reporter today he thinks the inquiry shows the issue should have been registered as public.

Middletown Proposal To Build Workhouse Is Hit in Cincinnati

CINCINNATI (AP) — A proposal that Middletown build its own workhouse instead of sending prisoners to Cincinnati has struck sparks among workhouse officials here.

Middletown Commissioner W. W. Donham, co-sponsor of the proposal, said, "It is a disturbing fact that many of our local citizens sentenced for misdemeanor violations from our court are taken to an old political prison in Cincinnati and there put on constructive work for another municipality at our expense."

But George E. Studt, superintendent of the Cincinnati workhouse, said Thursday he thinks Middletown is getting by cheaply with prisoner care, and can take its business elsewhere if not satisfied. Studt said Middletown pays Cincinnati $2 daily for an inmate's upkeep, less than it would cost in Dayton or Columbus.

Donham said Middletown paid Cincinnati and Butler County $12,271 for prisoner upkeep last year.

But Studt said $12,000 would provide only salaries of two and one-half guards for a year.

The Cincinnati superintendent said inmates' work is not only beneficial to the city but to the man himself. Prisoners wash city cars, do janitor work, build roads and serve as cooks, clerks and laundry helpers.

In Diamond Business

WASHINGTON (AP) — Believe it or not, the Agriculture Department is in the diamond business and in a big way.

The agency reported today it now holds $26,297,850 worth of industrial-type diamonds.

These stones, along with 215 million dollars worth of other strategic materials, were acquired by the department in barter deals with other countries which took surplus farm products.

'Mass Hysteria' Rapped In Engineer Recruiting

EDGEWATER PARK, Miss. (AP) —Rep. Davis (D-Ga) today asked industry to help stop what he called "mass hysteria" recruiting of engineers.

"Merely stirring the pot doesn't increase the supply of soup," Davis said in a speech prepared for the Radio, Electronics, Television Manufacturer's Assn.

Davis is chairman of a House Civil Service subcommittee which has been making a study of manpower use in the federal government.

Davis said present conditions are creating "an undue demand" for scientists and engineers.

Myers Discusses School Problems In Talk to Kiwanis

Charlton Myers, Marion attorney and eighth district member of the State Board of Education, was guest speaker for the Marion Kiwanis Club weekly luncheon meeting Thursday at Hotel Harding.

He discussed the problems which come before the state board concerning public schools, its needs, wants and recommendations.

He explained the main problems which face the schools are how to retain good teachers and how to get more good teachers for the schools.

Mr. Myers feels that within 10 years it is possible that teachers could be paid double the pay they now are receiving. By this means, he added, young people now in high school or college could be encouraged to enter the teaching profession.

Suggestions have been submitted by various people that schools drop poor students, making it unnecessary for boys and girls who are not inclined to an education to attend.

But Mr. Myers said he feels the present laws which require children to attend school to the age 16 are of great importance to the future of the country. He added that the United States is the strongest in the world in education.

Mr. Myers was introduced by Theodore Parsell, chairman of the club's public and business affairs committee.

A visiting Kiwanian was Hal Wyss of Delaware and a guest was William Lawhead of Marion.

Chapel Heights Group Elects Rizor President

Officers and trustees were elected at the annual meeting of the trustees of Chapel Heights Memory Gardens Thursday night when they met in the chapel on the garden grounds. About 150 were present at the session.

William Rizor was elected president of the group for the coming year. Elery L. Brewer was named vice president and Carl F. Schaadt, secretary-treasurer.

Fred P. Haas was elected to a five-year term as trustee to succeed Mr. Brewer. Elected to fill the unexpired terms of Maurice Lambroff and John Dowler were Mr. Brewer and Mr. Schaadt.

MS Meeting Slated

Multiple sclerosis — the mystery disease which finds most of its victims among young adults—will be the subject of special interest to central Ohio's 400 patients and their families when Dr. Thomas L. Willmon of New York arrives in Columbus this week.

Dr. Willmon, medical and scientific director of the National Multiple Sclerosis Society, will address the central Ohio chapter's annual meeting at the Southern Hotel on Friday evening, March 8. Reservations for the dinner-meeting may be made by writing the MS office at 5 East Long St., Columbus.

Given Suspended Fine

William Thompson, 36, of 384 Chester St., fined $25 and costs in Municipal Court Thursday when he pleaded guilty to a charge of assault and strike. Charges were filed against him by Laura Lemaster, of 237 Bellevue Ave. Fine and costs were suspended.

LaRue School To Have Classes on 3 Saturdays

LaRue School will have the first of its three Saturday make-up sessions tomorrow, Warren Lowther, principal, announced today.

Because the school failed to open on schedule last fall due to the incomplete building program, these Saturday classes will be necessary to complete the number of school days required by state law, Mr. Lowther said.

The other two days on which Saturday sessions will be conducted are March 16 and April 6.

New Engineer Is Selected for Post In Hardin County

KENTON — Hardin County Commissioners Thursday appointed Harold E. Remsburg of Ada to the office of Hardin County engineer to replace Donald Ehlen. Mr. Ehlen resigned effective today to accept a position with the Edwards Sheet Metal Co. at Fredericktown.

Mr. Remsburg has been serving under Mr. Ehlen as deputy county engineer and has been with the county engineers office for the last eight years. A graduate of Tiffin Columbian High School, he received his engineer degree from Ohio Northern University in 1949.

He is a member of the Ohio Northern University Chapter of Ohio Society of Professional Engineers. He is a veteran of World War II, havin gspent three years overseas in the European Theater of War.

A member of St. Mark's Lutheran Church in Ada, he is married and has one son. He will serve as county engineer until the next countywide general election when he will be a candidate for the unexpired term of Mr. Ehlen.

Kenton Woman Is Held For Trial on Stabbing

KENTON—City Solicitor Alfred Brindley announced today that the case of Mrs. Cornelia Spaulding is being continued indefinitely. Mrs. Spaulding, 36, of Kenton and formerly of Lima, was charged with stabbing with intent to kill or wound in connection with the knifing of David Richardson, 52, of Kenton.

The knifing occurred on Feb. 2 at the home of Mr. Richardson, where Mrs. Spaulding was employed as housekeeper. She is being held in county jail without bond and will be cited into municipal court as soon as Mr. Richardson is well enough to testify. His condition is reported good at a local hospital.

At the funeral of King Edward VII of England in 1910, his wire-haired terrier took precedence over nine kings in the procession.

Morral Drops Close Decision to Newark's Squad

Wildcats Fall After 57-53 Tilt With Top-Rated Entry

By ALLAN BOVEY

Morral's Wildcat quintet went down to defeat Thursday night in district Class A play at Westerville, but before it did, top-seeded Newark St. Francis' five had seen more than it bargained for from Coach Verne Hensel's cagers and were willing enough to settle for a 57-53 margin of victory.

The loss moved Newark into semifinal action Tuesday against the winner of tonight's Pleasant-Ashville game.

In other games on the Otterbein College floor, Lancaster St. Mary's had no trouble turning back Gambier, 74-58, and Marysville came from behind to defeat Northwestern, 61-51.

—:—

THE MORRAL - Newark game was a battle from start to finish, with the Wildcats turning in one of their better games of the year against the heavily-favored Irish quintet. Morral, after leading in the first period, saw Newark take over early in the second frame to hold, except for two brief periods, a slight advantage from then on. With 2 40 remaining in the game, however, the count was knotted at 51-51. Only 50 seconds showed on the clock when the score was 55-53 in favor of the Irish, but Morral could not quite rise to the occasion for a tie.

The Wildcats took a 16-15 first quarter lead, fell behind, 31-27, at the half, and were down, 45-43, going into the finale. Morral added to that 16 digits in the opener by accounting for 11 points in the second frame, 16 in the third and 10 in the fourth. Newark, after its first period point deficit, banged in 16 tallies in the second stanza, added 14 in the third and another dozen in the nightcap.

By game's end, a Newark edge in both goals and free throws scored told the tale. The Irish hit for 19 field completions and 19 free throws, compared to 18 goals and 17 charity shots for the Wildcats. The foul shooting for both fives was remarkable. Morral dumped in 17 completions on 22 attempts for 77 per cent. Newark had 19 from 22 attempts for 86 per cent.

—:—

PACING THE IRISH scoring attack was John Callahan, whose 19 tallies came on five goals and nine free throws. Tom Callahan added 12, while Dick Elwell notched 10. High for the Morral quintet was Harry Johnston and Warren Hensel, both of whom rolled in 15 points. Clyde Neal added 14 for good measure.

The climactic part of the game was played through most of the final quarter, when Morral grabbed two leads. There was 7:41 showing to be played in that session when Newark's Callahan dropped in a goal to take a 45-43 lead away from the Wildcats and tie it up at 45-all. Later in the frame, with four minutes left to play, Morral had again edged past Newark, this time by a 51-50 count, but a pair of free throws by Callahan got the Irish back into the driver's seat to stay.

With Newark leading, 51-50, Morral had a chance to tie it up when Neal was fouled. On a one and one situation, however, the standout Wildcat, with pressure hanging on him like a cloud, missed the attempt

Later in the period, as the seconds were ticking off, the Wildcats suffered what appeared to be a lapse when Newark, in possession of the ball, chose to freeze instead of playing. A total of 35 seconds slipped away while Wildcat players looked to their bench for instructions. By the time play resumed, any further opportunity to get back in the game was lost.

—:—

NEAL WAS FAR and away the top performer for the Wildcats, working effectively both under the boards and as a ball handler in the forecourt. The deadeye shooting of Callahan gave Newark just

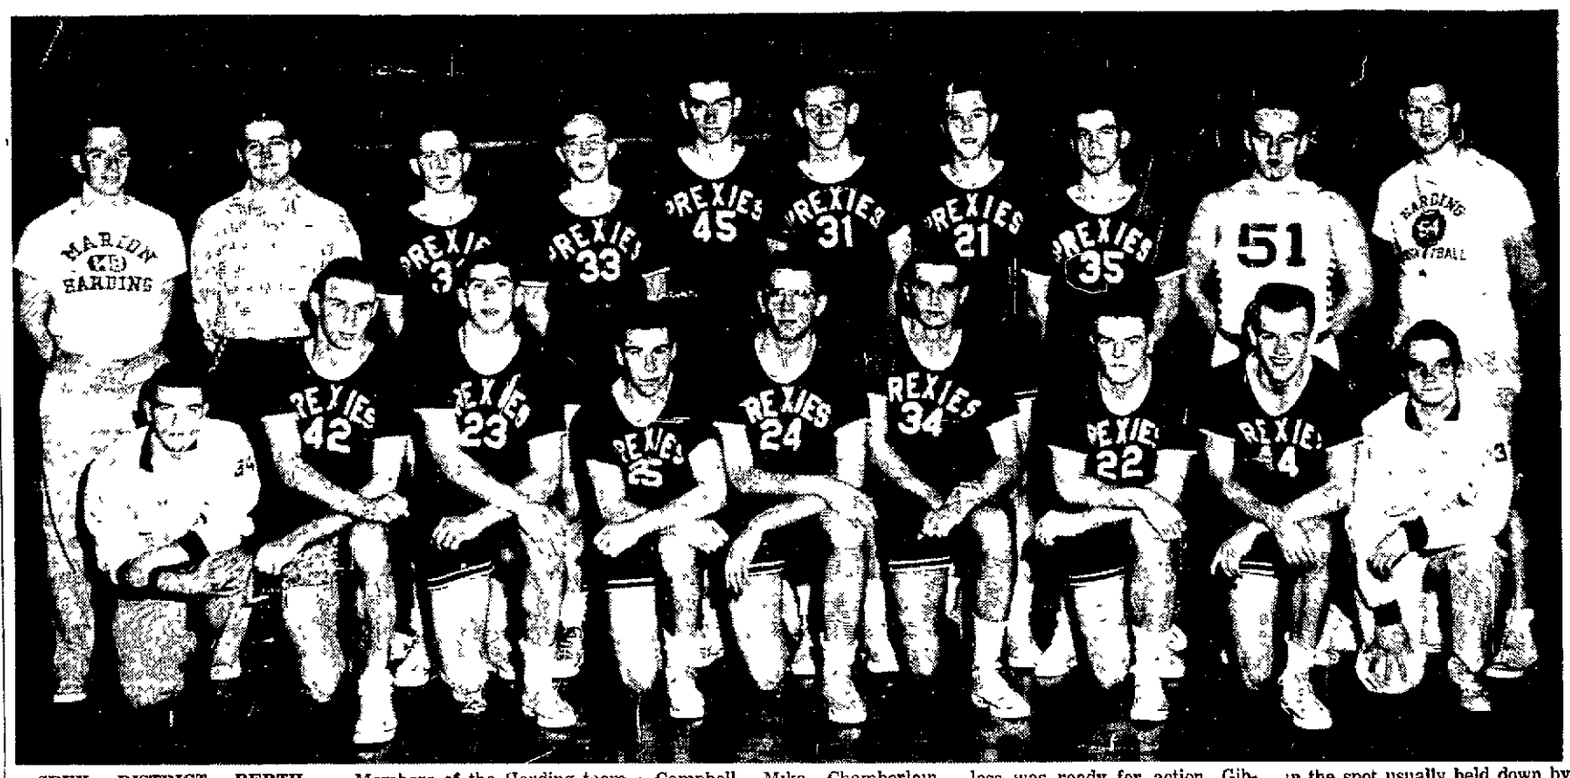
Harding To Tackle Mansfield in Title Contest



SEEK DISTRICT BERTH. Harding's Presidents will battle a rugged Mansfield Tyger squad here tonight with a spot in district tournament play at stake. The two teams will clash in the nightcap of tonight's program with heavily-favored Shelby tackling Mansfield Madison in the opening clash at 7 p.m.

Members of the Harding team include (front row left to right) Gary Williams, manager, Phil Sykes, Bob Middleton, Jed Middleton, Everett Shaffstall, Tom Mercer, Vaughn Williams, Joel Sharp and Jerry Garverick, manager. Back row (left to right) Joe McDaniel, assistant coach, Larry Davis, manager, Dick Penry, Stan Larkin, Charles Campbell, Mike Chamberlain, Jim Anspaugh, Harl Evans, Bob Klingel, manager, and Coach Jim Gibson.

Gibson's charges belted Bucyrus 70-34 in their opening tourney test last Friday while the Tygers bumped favored Ashland 74-72.

The Harding squad, weakened during the past two weeks by colds and flu attacks, nevertheless was ready for action, Gibson reported today. "The boys all are anxious and we feel we have a good chance," the Prexy mentor reported Expected to shoulder the load for Harding will be Sykes and Bob Middleton at forwards with Shaffstall at the pivot spot and Jed Middleton and Vaughn Williams at guards. Williams will be playing in the spot usually held down by Joel Sharp who has been held up by a flu attack and has been unable to move Williams out of the starting berth.

Gibson expects to be forced to lean heavily on his bench again tonight. Last Friday night, he shuttled substitutes back and forth in an effort to combat fatigue among his cagers.

Pandas Face Ashville in Tournament

Pleasant's Panda quintet gets its second chance to advance to the regional tournament tonight when it takes on sixth-seeded Ashville in a second-round district Class A basketball game in Westerville.

The Pandas, come-from-behind winners over Scioto Township by a 74-72 margin in first round action, will clash with a team that had easy pickings in turning back Byhalia, 51-36, in initial session activity.

Pleasant goes into tonight's battle with Jeff Peacock still a doubtful starter. The Panda star suffered a sprained ankle prior to the Scioto game and was unable to play. He has been practicing only at intervals since and though ready to go, cannot be counted on for a top performance.

Ashville, with a 19-3 won-lost record, boasts five good crewmen, paced by Richard Hoover. Panda mentor Stan Kirby said today he knew the Ashville five to be "fast, good - sized and dangerous scorers"

"We know we'll have to send a good defense out against them if we're going to hold down their point total," Kirby declared.

Carrying the burden of responsibility for a Panda win into the game will be Sharrell Leffler, playing the pivot post, Gary Parish and Dick Dutt in the forward slots, and John Peacock and Don Miller at the guard positions. Parish will be in action for the sidelined Jeff Peacock.

Ashville will be out to stop Pleasant's Leffler, an overall fine player and high scorer for the Pandas, and Dick Dutt, who directed the limelight on himself in the victory over Scioto Township by pouring 25 points through Scioto buckets to lead the Pleasant attack.

Braves Hardest Hit

30 Assume Holdout Role As Spring Grind Begins

By The Associated Press

Nearly 30 players assumed the traditional "holdout" role today as the major league clubs officially opened the spring training season.

Milwaukee Braves, beginning a campaign for their first pennant since moving the franchise to the Midwest, were minus three important regulars — 19-game winner Lew Burdette, relief pitcher Ernie Johnson and center fielder Billy Bruton. All were in camp at Bradentown.

On the other hand, Brooklyn's National League pennant winners needed to sign only Sandy Amoros to complete their roster. The other six senior circuit members had all players present and accounted for.

Amoros arrived at Vero Beach Thursday. But Vice President Buzzy Bavasi, who handles contracts, was out of town.

The American League picture was quite different. The world champion New York Yankees signed Don Larsen to close their ledgers Thursday. But the other seven clubs still had more than 20 blank contracts.

Heading the list in number was Cleveland with five, but shortstop Chico Carrasquel was the only missing regular. Rudy Regalado, who has received numerous trials, and pitchers Dick Tomanek, John Gray and Ed Gasque were still unsigned.

Sammy White, a catcher, infielder Billy Klaus and outfielders Jim Piersall and Gene Stephens have not come to terms with the Boston Red Sox.

Southpaw Billy Hoeft was considered Detroit's biggest problem. But Eddie Robinson and outfielder Gil Coan were still unsigned. Kansas City's headaches were pitcher Maury McDermott, recently acquired in a multiplayer deal with the Yankees, pitcher Tom Morgan, infielder Hec Lopez and catcher Hal Smith.

Baltimore's Willie Miranda, who hasn't been heard from since he returned his first contract unsigned in January, is the Orioles' only holdout.

Washington listed outfielder Roy Sievers, Clint Courtney and pitcher Elevio Hernandez among the unsigned Chicago's worries were pitcher Ellis Kinder, who is reported to have agreed to terms but has not officially inked his contract, pitcher Jim McDonald and infielder Tommy Brown.

Larsen, the unpredictable righty who pitched the only perfect game in World Series history against the Brooklyn Dodgers last year, signed for an estimated $6,000 increase over his 1956 salary of about $12,000.

Washington enlisted pitcher Chuck Stobbs, who had a 15-15 record last season, third baseman Eddie Yost and rookie outfielder Neil Chrisley Boston inked Ted Lepcio, Detroit got the nod from rookie outfielder Roy Hawes and Pittsburgh signed outfielder Lee Walls.

Milwaukee came to terms with outfielder Wes Covington and first baseman Frank Torre and Baltimore signed Bob Nieman.

Figure Skating Title Retained By Miss Heiss

COLORADO SPRINGS, Colo (AP)—Bubbling 17-year-old Carol Heiss still rules the women's figure skaters of the world today with no one in sight offering a serious challenge.

The honey-blond from Ozone Park, N. Y, successfully defended her international championship Thursday night, receiving the first place vote from each of seven judges.

"I'm just as excited at winning this time as I was last year " the youngster said after her victory "The only thing I miss is my mother not being here. She would have enjoyed it so much."

Carol's mother, who saw her capture her first world title in Germany last year, died in November.

Second place went to European champion Hanna Eigel, 17, from Vienna, Austria, as she beat out her 16-year-old teammate, Ingrid Wendl, with a superior free skating program.

The United States and Austria dominated the competition, with seven of the first eight places.

Ted Webster has been swimming coach at Syracuse University for 28 years.

Mayfield, Palmer Sharing Lead in Baton Rouge Open

BATON ROUGE, La. (AP)—Husky Shelley Mayfield and slender Arnold Palmer, each trying to start a winning streak, led the field today into the second round of the $15,000 Baton Rouge Open Golf Tournament

Both fired 4 - under - par 68s Thursday for a 1-stroke edge over the field

Mayfield, 33, playing out of Westbury, N.Y., is out to win his second Baton Rouge Open

Palmer, 27-year-old former national amateur champion playing out of Latrobe, Pa., won the $30,000 Houston Open Monday.

One stroke back were Bill Nary, Wayne, Mich., and Manuel de la Torre, Milwaukee.

Bunched at 70 were Stan Leonard Vancouver, B C.; Lloyd Mangrum, Apple Valley, Calif.; Gardner Dickinson, Panama City, Fla.; Fred Hawkins, El Paso, Tex ; and Jimmy Demaret, Kiamesha Lake, N.Y.

Most players said the 6,450-yard, par-72 Baton Rouge Country Club course was playing longer than it had in past tournaments, meaning scores should be higher. But 28 of the 160-player field shot par or better Thursday despite a gusty wind

'Y' Swimmers In Final Home Meet of Year

The Marion YMCA prep and junior swimming teams will be making their last home appearance against Newark YMCA, a league member, in the local "Y" pool at 3:15 p.m. Saturday.

The junior team will be facing strong opposition but is favored to continue its unbeaten streak of eight wins. This will be the last chance this year to see a number of outstanding young swimmers such as Tom Prichard, unbeaten in the 50 yard freestyle and holder of the team record in the individual medley with only one try; Alan McKee, breaststroker, beaten only once this season; unbeaten diver Bob Finney and teammate Jeff Cochran, both strong contenders for area honors. This group also holds a number of AAU titles and records during the past year.

The prep team will have a chance to even its season record if it can beat Newark, and Mount Vernon next week. The team is led by Tom Shambaugh, freestyle ace, with strong support from Joe Peacock, Bob White, Brian Bray, and Jim Lenavitt. Illness has hampered this group in the last few meets but it is expected to finish the season strong and will be entered in the Ohio-W. Virginia Area Postal Championships.

Hewitt, Light Cited At Bucyrus Event

BUCYRUS—Bucyrus High School seniors Jack Hewitt and Ed Light today held the coveted Michael athletic trophies, annually awarded to the most valuable player on the school's football and basketball teams.

Light, a fullback, won the football award while Hewitt, a center, was winner of the basketball award. Light is the son of Mr. and Mrs. Ward Light and Hewitt is the son of Mr. and Mrs. Earl Hewitt.

The trophies are donated annually by Walter R. (Mike) Michael with a secret vote of players being held to determine the winners.

Presentation of the trophies took place during the school's annual athletic banquet held here Wednesday night under sponsorshop of the Redmen's Booster Club. Guest speaker was Woody Hayes, head football coach at Ohio State University.

During the business meeting, Frank Fischer, a hardware merchant, was elected Booster Club president, succeeding E. W. Struble, a druggist. Willard Clady, a druggist, was named vice president and Mrs. Owen Elder, treasurer. Mrs. James Darling is serving the second year of a two-year term as secretary.

LaRue Merchants Belt Salem in 83-67 Romp

The LaRue Merchants rolled over Salem 83-67 Thursday night in a game played at the winners floor.

The winners moved ahead 24-14 in the first period and were never threatened. They held a 45-34 halftime edge and were out front 63-52 at the start of the final frame.

Larry Hickman pumped in 28 markers to lead the winners while Ray Hosey netted 18 and Norm Buyer came in with 12. Weaver was high for the losers with 20.

Deer Population Believed Climbing In Wyandot Area

UPPER SANDUSKY—According to Tom B. Warner, Wyandot County game protector, a number of Wyandot County farmers, have noticed as high as 12 deer at one time trveling along county streams and across country since the deer season closed.

Ralph Motter recently noticed 12 deer along a ditch near his Crane Township farm, about five miles north of Upper Sandusky. Farmers in the southern part of the county have noticed as high as 11 in a herd.

More and more deer have been killed on highways in recent years in Wyandot and nearby counties, especially by night drivers. Deer become confused by headlights and cross roads in front of the moving vehicles.

As for raccoon in this area, hunters say the quality of pelts was poor the past season, which extends from Nov. 15 to Feb. 15. This was due to the severe weather, some of the pelts were tile rubbed, and of very thin and inferior quality. Pelts sold for as low as 15 cents. Many hunters believe the season for hunting coon should be set up about 15 days.

Gulliford Cagers Edge Past Wyandot Indians

Gulliford Hardware of Green Camp, Tri-County League champion, edged the Wyandot Indians 59-53 Thursday night at the Green Camp floor.

It was a nip and tuck battle all the way with the winners holding quarter leads of 23-17, 33-29 and 43-42.

Paul Sheppard popped in 11 markers to lead the Gulliford squad to the win. Jim Stiger had 25 for the losers while Merrill Lust finished with 12.

By JOHN CROSBY

Charm and Marshmallows

If John Van Druten is not terribly careful, he's likely to grow up to be our next Rachel Crothers, whose plays held the tea and crumpet set from East Orange enthralled for decades. Van Druten's first TV play, "The Princess Back Home," on Goodyear Playhouse last Sunday, had all the Crothers' earmarks—the slick professional structure, the ladies harassed (but not very much) by love, the marshmallow dialogue and the nice setting in Connecticut. It all went down very smoothly, too, like a chocolate fudge sundae.

JOHN CROSBY

It was a story about a slightly disreputable aunt — disreputable aunts are in fashion this year, what with "Auntie Mame" and all that — who comes home to her mother, her brother-in-law and her 16-year-old niece, more or less to take root after what I gather were some rather mild escapades.

She is a novelist and, by the wildest of coincidence, she has just written a book about a woman who comes home—after some mild escapades—to marry the first man who ever kissed her.

-:-

THE NOVELIST proceeds to do the same thing as her fictional heroine—that is, marry the first boy who kissed her, who happens to be her sister's widower—but not before becoming mildly embroiled with a rich Lothario who also makes mild passes at the 16-year-old. There hasn't been so much mildness around since the last cigarette commercial.

It's been a long time since kissing has been discussed at such length and taken so seriously in a dramatic work of any sort. The 16-year-old, very attractively played by Abigail Kellogg, was caught being kissed not once, but twice—once by her grandmother, a mean old nag (grandmother's are not in fashion this season) and once by her father.

The uproar that ensued over these minor transgressions was, I thought, rather excessive—unless I've got out of touch with the moral tones being fed in the exurbs these days, which is quite possible.

-:-

THERE WASN'T REALLY very much Celeste Holm could do with the part of the heroine, but she tried. The whole thing wouldn't really be worth so much comment, except that Van Druten has a very respectable record of success in the theater and we all expected more than this.

One line spoken by the Lothario to the 16-year-old was: "You look beautiful in the moonlight." I must remember that in case I ever get out in the moonlight again with a 16-year-old girl. I had thought 16-year-old susceptibility had risen above that particular gambit and it's useful to know that it hasn't.

-:-

A RECENT "ALCOA HOUR," in more or less the same setting and the same mood, was the TV version of Philip Barry's "The Animal Kingdom." When played on Broadway, way back in 1932 by the irreplacable Leslie Howard, this one had great charm and even the occasional semblance of wit.

The story itself, about a man who discovers that his wife's principal hold on him is sheer harlotry and that his former mistress was much more wife to him, had a cogence and point that seem to have been dimmed and blunted by the years.

One reason is that the TV producer or Philip Barry Jr., who adapted his father's play, or somebody carefully removed most of the point of the jest, and since the story was fairly delicate to start out with, this didn't leave much for the actors to do.

-:-

THERE'S BEEN A GOOD deal of this sort of thing—a mixture, or attempted mixture, of a romance and charm this season, and we may expect much more. On "Playhouse 90" the other night was an adaptation of an H. Allen Smith story called "One Coat of White," with Claudette Cobert and Paul Henreid.

In this one, Miss Colbert, as a forty-ish widow with grownup children, goes to Europe on a last fling, enraptures the most famous modern French painter in the world, and thoroughly discombobulates Seattle when he chases her home.

I imagine all the forty-ish widows and possibly some forty-ish wives found all this mid-term love-making reassuring. But I considered it rather mild—that word again—for a 90-minute play. Miss Colbert, though, has not lost any of the old magic she exercised on the screen, and she was completely charming in her implausible role.

The show will certainly keep the tourists out of Seattle, which is portrayed as a last refuge of the Philistines. I only hope CBS hasn't lost its affiliate out there as a result of it.

Rickey Directs Batting Practice for Pittsburgh

FORT MYERS, Fla. (AP) —Branch Rickey, 75-year-old retired general manager of the Pittsburgh Pirates is in the limelight — as a hitting instructor.

Rickey took over after George Sisler of the Pirates staff was stricken ill. Manager Bobby Bragan, made it clear as training camp opened Thursday that his men can benefit from Rickey's instructions.

"Please listen to that man when he talks to you about hitting," Bragan said.

enough of an edge to turn back Morral's gallant bid for glory.

Marysville, Union County's hope for big things, had to come from behind to turn back a determined Northwestern quintet, 61-51. The Monarchs, trailing in the first half, led at the three quarter mark, 45-36. Lee Simpson paced them to the win with a 28-point effort, while Jim Burson added 16. Tops for Northwestern was Faye Mullaney with 26 tallies.

Marysville accounted for the victory with 25 goals and 11 free throws, compared to 17 completions from the field and an equal number from the gift area.

Lancaster St. Marys led all the way in handing the Gambler five a 74-58 drubbing.

tion, will be playing for the dubious honor of meeting top-seeded Newark St. Francis in a Tuesday night semifinal game. Newark, after barely slipping past an ambitious Morral quintet Thursday night, is expected to be ready and willing to show fans why they were given the nod as the tourney's best participant.

The Pandas and their coaching staff are looking for another win tonight. "We'll have to play defense and we think we can win," was the word this morning from the Pleasant camp.

Duke Cagers Final Hurdle For Tar Heels

By The Associated Press

There's still another river to cross tonight for North Carolina — the nation's top-ranked college basketball team.

The Tar Heels take their glittering 23-0 record into the camp of bitter state rival Duke in their final test before the March 7-9 Atlantic Coast Conference tournament.

The game will be the first of two ACC battles that will attract the national spotlight over the weekend. Saturday night South Carolina entertains Clemson in a game that will be chiefly notable for the pressure it puts upon the Gamecocks' Grady Wallace, the nation's leading scorer.

Wallace must protect his 30.48 point per game average against the 30.05 mark registered by Joe Gibbon of Mississippi, who ended his collegiate career Thursday night by scoring 25 points as Mississippi lost to Mississippi State 81-73 in the Southeastern Conference.

All eyes were upon Gibbon Thursday night but the winners' Jim Ashmore stole the scoring show with a 37-point outburst. The splurge pushed Ashmore's regular-season total to 709 points, three more than the Southeastern record Bob Pettit set for Louisiana State in 1954.

Other conference action centered in the Missouri Valley Thursday night where the St. Louis Billikens, ranked 14th in the weekly Associated Press poll, rallied to beat Tulsa 60-58. The Oklahoma Aggies limited Drake scoring ace Phil Murrell to 17 points to fashion a 63-47 triumph over the Drake Bulldogs.

Other activity was on the light side but Canisius proved its NCAA Tournament worth by spilling Holy Cross 85-76. Duquesne kept its tourney bid hopes alive by whipping Brandeis 86-73, and Manhattan, already signed for the National Invitation Tournament, was surprised by St. John's of Brooklyn 61-59 in three overtimes at Madison Square Garden.

Kluszewski Shows No Injury Effects

TAMPA, Fla. (AP) —Ted Kluszewski, batting question mark for Cincinnati's Redlegs since last season's hip injury, says he's taken off weight and the ailment has disappeared.

And for emphasis Thursday at opening of Redleg spring training, the chunky first-baseman started batting practice belting the ball with what looked like his old — home run hitting — form.

Kelly To Debut as Club Clown With Brooklyn

VERO BEACH, Fla. (AP) —Sunday will be a memorable day at the Brooklyn Dodgers baseball training camp.

Not only will the National League champions play their first practice game of the spring training season, they will unveil the club clown — Emmett Kelly.

Prospect Juniors Score Win Over Green Camp

Pospect's junior high school cage squad pulled out a 40-31 victory over Green Camp Thursday at the losers' floor with a third period dash.

The future Bulldogs gained an 11-9 edge in the opening period but Green Camp came back to assume a 17-16 edge at the half. The winners spurted from behind a three-point deficit in the third stanza and the Green Camp squad was unable to regain its stride. The winners carried a 28-21 cushion into the fourth quarter.

John Roettger paced the Green Camp team with 15 markers while Bumgardner poured in 16 for Prospect.

The loss even the Green Camp record at six wins and six setbacks. The team will entertain a rugged Caledonia Junior High School squad Monday.

Benson Sees Farm Income Up Despite Dip

WASHINGTON (AP) — Despite a new 2 per cent decline in the level of farm prices Secretary of Agriculture Benson still predicts that agricultural income will register a "modest" improvement this year.

the February price drop — one of the sharpest in many months—was reported Thursday by his department's marketing service. It largely reflected declines in prices of hogs, which have been moving to market in increased volume in recent weeks, and in early vegetables and livestock feed grains.

"There is nothing in this report," Benson said, "which calls into question the outlook reported by the department last fall — an outlook for further modest improvement in farm prices and farm income in 1957."

Gas Co. Workers Cited for Driving Without Accidents

C. L. Baxter, Marion division manager for the Ohio Fuel Gas Co. has been cited by the company for driving company autos 25 years without an accident. He received a $25 defense bond, framed certificate, lapel button, and "safe driver" identification card at a luncheon in Columbus.

Other gas company drivers receiving safe driving awards and their records were: John Marshall, 18 years; Francis Davis, 16 years; S. R. Martin, 9 nine years; Ralph Kaelber and John Hord, 7 years; Clyde Born, Lester Plotner, Theodore Daas and Neil Shaffer, 6 years; James Ferriman, Harold Craig and Joseph Evans, 5 years; Donald Creasap, Russell Gaskins and Donald Tolle, 3 years; Willis Beam, William Brown, Floyd Radebaugh and John Robbins, 2 years; Myra Wickline, King Bacon and Robert Spaeth, one year.

Awards are made in accordance to National Safety Council rules and all accidents are charged to drivers regardless whether or not they are at fault, unless their vehicle is properly parked when hit by another. Marion employes had only one chargeable accident in the year 1956 and that driver was a victim of circumstances, being hit from the rear.

Mayor of New York Is Second Term Candidate

NEW YORK (AP)—Mayor Robert F. Wagner says he will seek a second term in November and is "not a candidate for any other office."

The Democratic mayor, son of the late U.S. Sen. Robert F. Wagner who sponsored the Wagner Labor Relations Act and other important New Deal legislation, was defeated by Sen. Javits (R-NY) in last November's U. S. Senate race.

Wagner, 46, told a news conference he would serve the full four-year term if re-elected.

Vote on Time Change

COLUMBUS, Ohio (AP) — City councilmen here are scheduled to vote Monday on a bill to make Daylight Savings Time a permanent part of the city charter.

The measure, submitted Thursday night, will appear on the May 7 primary ballot if Council approves it. If voters approve it at the polls, the legislation specifies that all clocks controlled by the city be set ahead one hour at 2 a. m. May 12.

Candid Driver Admits Guilt, Fine Reduced

CHICAGO (AP) — Judge Henry C. Ferguson was a little startled in Traffic Court Thursday when Steve Weininger, flashing a big smile, told him: "If I didn't admit I was drunk as a skunk, judge, I'd be lying."

Ferguson termed the 28-year-old auto mechanic's acknowledgement of guilt "brutally frank." He said it was unprecedented for a driver accused of drunkenness to fail to claim innocence.

Charles F. Russ Jr., assistant corporation counsel, recommended that in view of Weininger's "unusual candor" his fine be $50 instead of the usual $100.

Ferguson agreed, and in addition he dismissed charges of driving the wrong way in a one-way street and disorderly conduct against Weininger.

$100 Not Lost, Woman Finds She 'Miscounted'

DAYTON, Ohio (AP)—The anxious voice of a Dayton woman telephoned police:

"I had withdrawn $200 from the bank, but when I got home I only had $100. So somebody must have stolen the rest. I know I didn't lose it."

Sgt. E. J. Gottshill, police dispatcher, assured her a police cruiser would be at her house immediately to investigate. Before the cruiser could arrive, however, the woman called back and meekly reported:

"I'm sorry. I was counting the bills as tens and they are twenties."

Sign Wage Pact

COLUMBUS, Ohio (AP)—Members of the International Brotherhood of Electrical Workers, Locals 832 and 1466, will receive a 5.9 per cent wage increase under a new one-year contract with the Columbus & Southern Ohio Electric Co., ratified Thursday.

New York Stock Market

NEW YORK (AP) — Industrials gave an otherwise sluggish stock market a lift to the upside early this afternoon.

Key stocks were up fractions to around a point.

Aircrafts, oils, steel and some nonferrous metals registered gains to make the market higher on balance but there was little change among the rails and utilities.

The market failed to get much lift from the news that Israel plans to withdraw from Egypt and later reports from the United Nations seemed to restrain optimism.

Gulf Oil, which has normally reflected every good or bad portent from the Middle East, was ahead more than a point. But Royal Dutch, which depends on the Middle East for a sizable portion of its oil, merely held firm.

Republic Aviation rose about a point. United Aircraft was another one-point gainer.

Youngstown was about the best of the leading steels, showing a gain of more than a point. au. s. steel and Bethlehem were up fractions.

Kennecott went ahead well over a point.

U. S. government bonds were firm.

Findlay Woman Sings For Revival at Calvary

Special music for the Lenten evangelistic services at Calvary EUB Church Thursday night was the presentation of a solo, "The Stranger of Galilee," by Miss Gertrude Cooper of Findlay. Her numbers are illustrated by pictured figures on felt background illuminated with unusual lighting effects.

Rev. Walter Adams of Shelby is the evangelist for the services which will continue nightly through March 10. Prayer Thursday night was by Fred Dutt, the congregation's class leader.

The guest minister's second message dealt with the status of man as a sinner who needs to be redeemed and with the sacrifice of Christ who, "in order to bear the sins of man, had to stoop to the grave."

School Broken Into

A break-in at the N. Main St. school was reported to Marion police today. Police Inspector Clyde Hardin said it appeared to be the work of young boys.

The building was ransacked but nothing was found missing and there was little damage, he said. Method of entry was not determined immediately, he added.

'Big Decision' Announced by Ike Year Ago

WASHINGTON (AP) — President Eisenhower made banner headlines a year ago today. He did so by saying "my answer will be affirmative" — meaning, yes, he had decided to seek a second term.

Actually it was on Feb. 29, 1956. It was leap year and February had an extra day. So this is the anniversary.

For months the speculation had been mounting — ever since he suffered a heart attack Sept. 24, 1955.

At first it had been hard to find anyone who wasn't convinced the attack had ruled out another term for Eisenhower. Republican leaders, having given virtually no thought to the idea of an alternate candidate, were in near despair at word of the President's illness.

But in the succeeding weeks one favorable medical report after another changed the picture. Eisenhower himself kept his own counsel. His backers took hope.

Then on Feb. 14 last year Eisenhower's doctors said after another physical examination that they had found him fit to serve another 5 to 10 years in a job like the presidency.

That was the situation when Eisenhower faced 311 tense reporters a year ago. He had promised that if he could manage it his decision would be announced first at a news conference.

Then, finally, there it was — "My answer will be positive, that is, affirmative."

Liquor Aide Named

COLUMBUS, Ohio (AP) — George H. Moon, of Kent, has been named to head the stores division of the Ohio Department of Liquor Control, it was announced today.

Liquor Director Robert B. Krupansky, who announced the appointment, said Moon will guide the operation of the state's 300 retail and wholesale outlets which do an annual business of more than 220 million dollars.

'Mad Bomber' To Stand Trial

Metesky Case To Be Heard Despite Ruling

NEW YORK (AP)—"Mad Bomber" George Metesky, although declared legally insane, must stand trial.

The 54-year-old Metesky, from Waterbury, Conn., freely admitted he planted 32 home-made bombs in New York City over a 16-year period. During this time he was supported by his two spinster sisters.

Arrested at his home Jan. 21, Metesky since has been undergoing mental examination at Bellevue Hospital.

Dr. John H. Cassity, senior psychiatrist at Bellevue, said Metesky is a schizophrenic (split personality) and also suffers from paranoia—characterized by delusions of persecution and grandeu .

Metesky has said he planted the bombs because of a grudge against the Consolidated Edison Co , which he claimed failed to compensate him adequately for an injury while in their employe in 1931.

Twenty-two of the bombs exploded. Fifteen persons were injured, none seriously.

No trial date was set.

Retains City Job

CINCINNATI (AP) — Howard W. Frank Jr. lost an eye while serving with the Navy during the Korean War and that ruled out his old job as a city firefighter. But the city wants to use his talents.

The Civil Service Commission agreed Thursday that Frank may have a building inspector's job without a preliminary examination.

KNOWLAND'S DAUGHTER TO WED. Helen Estelle Knowland, daughter of Senate GOP leader William F Knowland of California, is shown in Washington with her fiance, Robert van Sickle McKeen, of Piedmont, Calif., after their engagement was announced. McKeen, an all-American basketball player in 1953-55, is the son of a U.S. Steel Corp. official. Miss Knowland is a junior at Stanford University.

Terror-Ridden Indiana Strike Finally Settled

PRINCETON, Ind. (AP)—A 116-day strike marked by terror and violence ended Thursday night with announcement of a settlement by Potter & Brumfield and the striking International Assn. of Machinists.

The violence reached its peak early in February with the shooting of the four-month-old daughter of two non-striking workers Another non-striker's home was dynamited.

The strike started Nov. 5 over the firing of the local union president, Mrs. Ruth Monroe of Princeton, because of unexplained absences. It was the only issue. The settlement statement did not mention her. Union members approved it, 242-52.

State police are searching for the persons responsible for the shooting of four-month-old Julia Ann Russell in the trailer home of her parents, Mr. and Mrs. Ronald Russell, at Oakland City. The baby was struck by one of several bullets fired into the trailer in the night.

The baby is recovering from a head wound. Doctors said she is suffering from paralysis but may recover in time.

License Tag Sale Starts

COLUMBUS, Ohio (AP) — Ohio's 1957 motor vehicle licenses go on sale at 800 deputy registrars' offices throughout the state today. Tags may be placed on cars beginning today, but by April 1 all autos must bear the new plates.

Stage Token Strike

ROME (AP)—Italy's 100,000 postal and telegraph employes today began a two - day token strike for higher pay and better career prospects.

7 Killed in Fire

SAIGON (AP) — Seven persons were killed and thousands left without shelter today after a fire in a refugee settlement eight miles from Saigon. About 1,500 housing units were destroyed.

Plan Monastery

YOUNGSTOWN, Ohio (AP)—The Camelite Fathers province of Immaculate Heart of Mary, Washington, D. C., has purchased the home of Mrs. A. C. Cummings, widow of a steel official, and will convert it into a monastery. The 20-room home on the edge of Mill Creek Park is to serve as a provincial house for the Midwest area.

Third Marine Faces Trial in Recruit Abuse

PARRIS ISLAND, S. C. (AP)—A 28-year-old sergeant at this Marine training center faces a summary court-martial today in the third of four scheduled trials of drill instructors charged with mistreating recruits.

Sgt. Daniel J. Corey, of Somerville, Mass., is accused of striking two recruits and forcing a third to eat candy until he was nearly ill.

Corey is charged with striking Pvts. Thomas Hayes, 19, of Lawrence, Mass., and George D. Toper, 20, of Watertown, N. Y., and of forcing Pvt. John J. Barone, 18, of Chester, Pa., to stuff candy into his own mouth.

If convicted by the summary court, Corey faces a maximum sentence of 30 days imprisonment, a reduction in rank to private and a fine.

Two drill instructors were convicted Tuesday on mistreatment charges.

Sgt. Clinton L. Jones of Pensacola, Fla., was convicted by a summary court-martial of hitting Toper. Jones was ordered confined for 30 days, reduced in rank to private first class and fined $50.

S. Sgt. William E. Rich, 23, of Canton, N. C., was convicted of unlawfully laying hands on Pvt. Kenneth Allen Benjamin, 19, of New York City.

Airline Pilot Reports Dust Storm in Pacific

HONOLULU (AP) — A dust storm 50 miles at sea from Honolulu and 6,000 feet high streaked the windshield of a United Air Lines plane so badly Thursday the pilot said he had to crane his neck to see out.

Pilot Paul Reeder said he has never before run into anything like the series of dust-bearing clouds He has been flying to Hawaii 15 years.

The weatherman said the dust couldn't have come from Hawaii. The wind was blowing in the wrong direction.

Busy Barber

PHILADELPHIA (AP) — Barber Aaron Musselman works 12 hours a day with only 15 minutes out for a meal He has a constant stream of customers and no time for rest.

The reason: Musselman 77, charges only 35 cents for a haircut.

"The people I cut hair for are not rich," he explains.

'Held Prisoner'

ABILENE, Tex. (AP) — Doyle Roberts unwrapped the new auto license plates he purchased Thursday and found a note between them which read: "Help, I'm being held prisoner"

The license plates are made by inmates of the Texas State Penitentiary at Huntsville.

2 Asbury Park Hotels Burn

Loss Over $500,000 In New Jersey Blaze

ASBURY PARK, N. J. (AP) — A spectacular, fast-moving fire destroyed two unoccupied hotels early today and threatened for a time an entire city block of this Atlantic Coast resort

The 150-room Columbia Hotel, one block from the boardwalk, was damaged beyond repair, police said.

A 20-room rooming house next to Commodore and a garage next to Columbia were also damaged.

Acting Fire Chief Michael De Sarno estimated the damage at more than half a million dollars.

The two hotels and rooming house were closed for the winter.

The blaze started in the five-story Columbia Hotel, one of the larger hotels in this resort.

Cause of the blaze and the amount of damage were not immediately known.

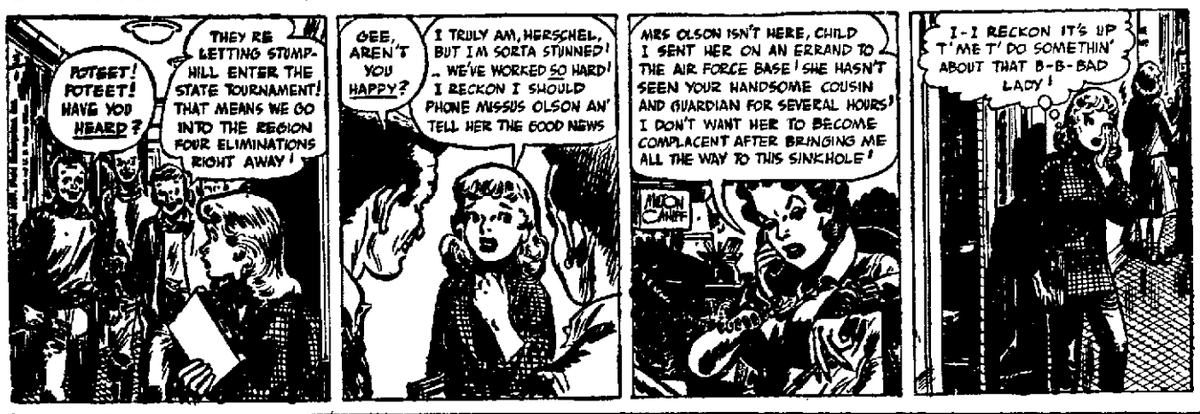
REX MORGAN, M.D. By Dal Curtis

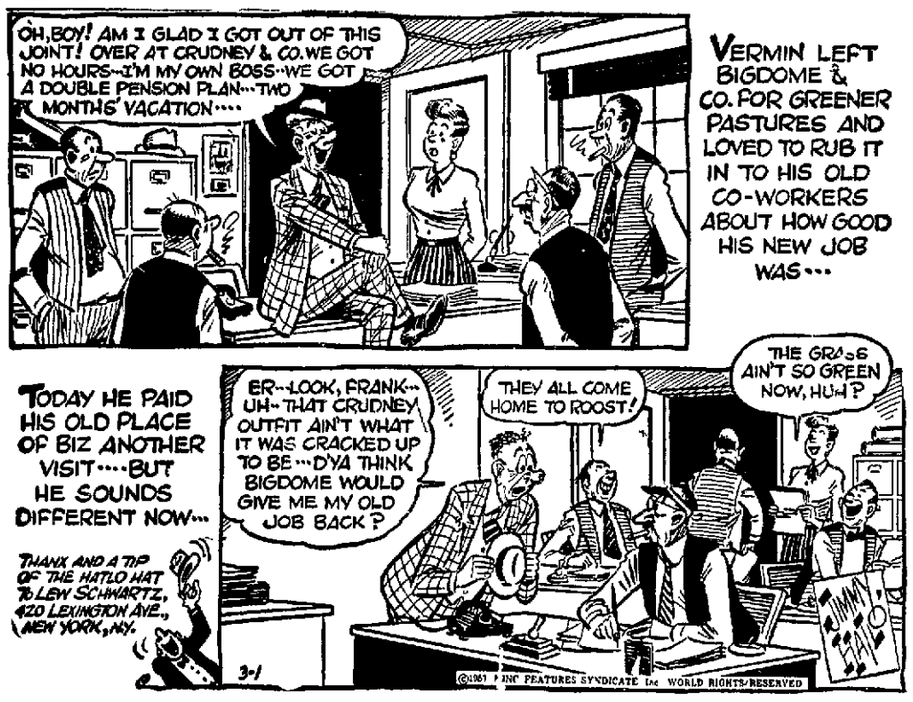
HOW DID YOU AND DR. MORGAN HAPPEN TO BE COMING TO MY HOME, MAL?
DR. MORGAN WANTED TO DISCUSS SOMETHING WITH YOU, MARTHA!.
IT WAS ABOUT THE STRYCHNINE IN DAD'S WINE, WASN'T IT?
YES, MARTHA!
AND YOU CAME WITH HIM TO HEAR MY CONFESSION! IS THAT IT?
YOU KNOW BETTER THAN TO SAY THAT, MARTHA! DR MORGAN WANTS TO HELP BECAUSE HE'S A PHYSICIAN! I WANT TO HELP---- BECAUSE I'M IN LOVE WITH YOU!

STEVE CANYON By Milton Caniff



POTEET! POTEET! HAVE YOU HEARD?
THEY'RE LETTING STUMPHILL ENTER THE STATE TOURNAMENT! THAT MEANS WE GO INTO THE REGION FOUR ELIMINATIONS RIGHT AWAY!
GEE, AREN'T YOU HAPPY?
I TRULY AM, HERSCHEL, BUT I'M SORTA STUNNED! .. WE'VE WORKED SO HARD! I RECKON I SHOULD PHONE MUSSUS OLSON AN' TELL HER THE GOOD NEWS
MRS OLSON ISN'T HERE, CHILD I SENT HER ON AN ERRAND TO THE AIR FORCE BASE! SHE HASN'T SEEN YOUR HANDSOME COUSIN AND GUARDIAN FOR SEVERAL HOURS! I DON'T WANT HER TO BECOME COMPLACENT AFTER BRINGING ME ALL THE WAY TO THIS SINKHOLE!
I-I RECKON IT'S UP T'ME T' DO SOMETHIN' ABOUT THAT B-B-BAD LADY!

THEY'LL DO IT EVERY TIME By Jimmy Hatlo



OH, BOY! AM I GLAD I GOT OUT OF THIS JOINT! OVER AT CRUDNEY & CO. WE GOT NO HOURS--I'M MY OWN BOSS--WE GOT A DOUBLE PENSION PLAN---TWO MONTHS' VACATION....
VERMIN LEFT BIGDOME & CO. FOR GREENER PASTURES AND LOVED TO RUB IT IN TO HIS OLD CO-WORKERS ABOUT HOW GOOD HIS NEW JOB WAS...
TODAY HE PAID HIS OLD PLACE OF BIZ ANOTHER VISIT....BUT HE SOUNDS DIFFERENT NOW...
ER--LOOK, FRANK--UH--THAT CRUDNEY OUTFIT AIN'T WHAT IT WAS CRACKED UP TO BE---D'YA THINK BIGDOME WOULD GIVE ME MY OLD JOB BACK?
THEY ALL COME HOME TO ROOST!
THE GRASS AIN'T SO GREEN NOW, HUH?

Red Raider

HOUSTON, Tex (AP)—A woman here reported her 78-year-old husband missing.

"Do you have any idea why he left home?" asked a policeman.

"I have a pretty good idea," she replied, "a red-headed woman."

EMBARRASSING MOMENT

WILLIAMSBURG, Va. (AP)—Ray (Chief) Jones, a freshman football player at William and Mary, tells this one. "I came out of a football game once, turned my back to the stands and felt a cool breeze around my middle. My pants had a gaping hole right where there shouldn't be one." Jones is from Shamokin, Pa.

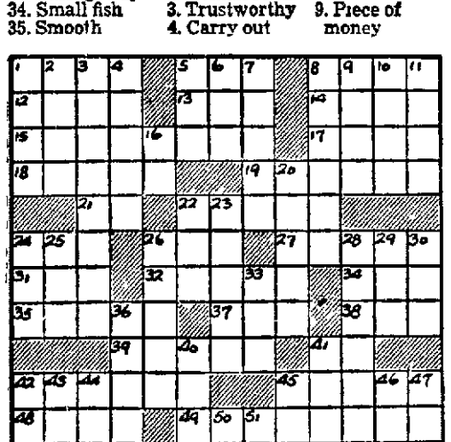
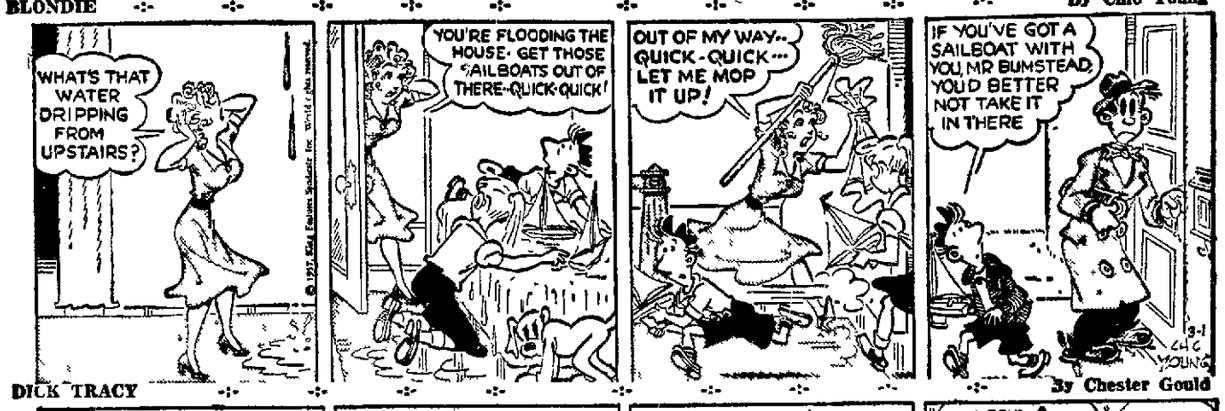
Solution of Yesterday's Puzzle



THE HEART OF JULIET JONES By Stan Drake

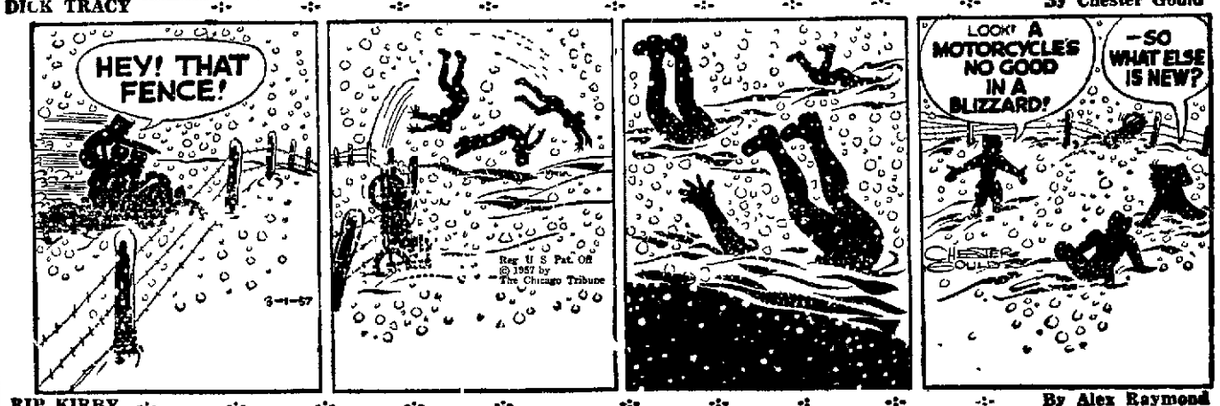
FOR A SUCCESSFUL, HARD-BOILED LITERARY AGENT, YOU'RE REVEALING A REMARKABLE TENDENCY TOWARD INCURABLE ROMANTICISM.
GRADY—YOU'VE SAID EVERYTHING BUT ONE THING—
—THAT YOU'RE NOT FALLING IN LOVE WITH EVE JONES!
GOOD NIGHT!
SLAM
GOOD NIGHT, GRADY.

BLONDIE By Chic Young



WHAT'S THAT WATER DRIPPING FROM UPSTAIRS?
YOU'RE FLOODING THE HOUSE- GET THOSE SAILBOATS OUT OF THERE-QUICK-QUICK!
OUT OF MY WAY.. QUICK-QUICK... LET ME MOP IT UP!
IF YOU'VE GOT A SAILBOAT WITH YOU, MR BUMSTEAD, YOU'D BETTER NOT TAKE IT IN THERE

DICK TRACY By Chester Gould



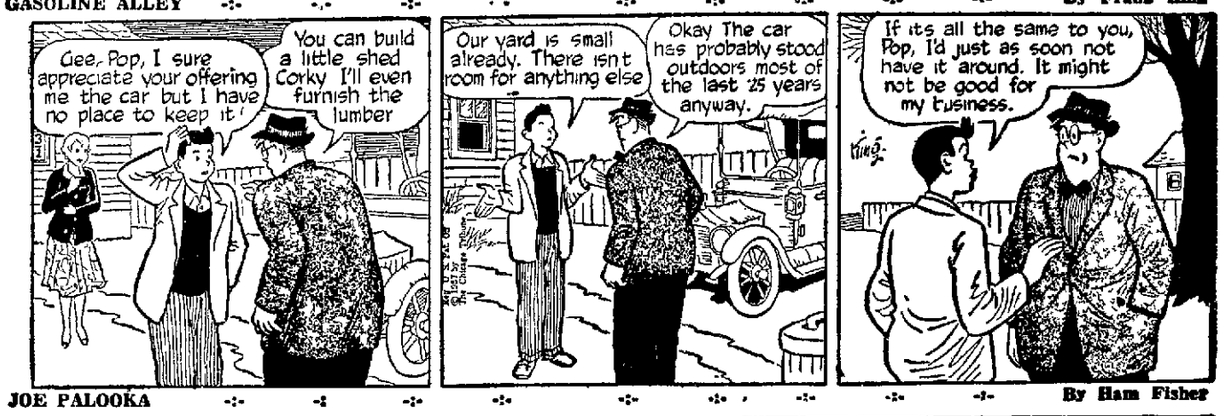
RIP KIRBY By Alex Raymond

NOW, BABETTE, DARLING, CONNIE MUST PUT YOU IN THE STUDY SO YOU WON'T GIVE AWAY OUR LITTLE SECRET ABOUT THE BURIED NECKLACE TO MR. KIRBY...
MR. KIRBY IS HERE, MADAME.
GIVE ME HALF A MINUTE, TINA. THEN BRING HIM IN...
OH, IT'S SO NICE OF YOU TO COME TO MY ASSISTANCE, RIP. I'M TERRIBLY UPSET...
I HOPE I CAN HELP YOU FIND YOUR NECKLACE, CONNIE. TELL ME ABOUT IT...

ARCHIE By Montana

THE WHOLE IDEA SCARES ME!
MISS GRUNDY! ALL THE TEACHERS HAVE JOINED THE GROUND OBSERVER CORPS!
THE AIR FORCE NEEDS YOU! YOU BE AT THAT MEETING!
IS THAT AN ORDER?
I'M GLAD YOU FINALLY OVERCAME YOUR SILLY FEARS! LET ME TAKE YOUR COAT!
G.O.C. MEETING
LOOK! A MOTORCYCLE'S NO GOOD IN A BLIZZARD!
—SO WHAT ELSE IS NEW?

GASOLINE ALLEY By Frank King



Gee, Pop, I sure appreciate your offering me the car but I have no place to keep it!
You can build a little shed Corky I'll even furnish the lumber
Our yard is small already. There isn't room for anything else
Okay The car has probably stood outdoors most of the last 25 years anyway.
If its all the same to you, Pop, I'd just as soon not have it around. It might not be good for my business.

JOE PALOOKA By Ham Fisher

I HOPE STEVE'S SEVERE DIETING WON'T AFFECT HIS PUNCHING POWER, KNOBBY!
I'M WATCHIN' HIM VERY CAREFULLY... BUT IF YA ASK ME—STEVE AIN'T GONNA BE A MIDDLEWEIGHT FER MUCH LONGER!
I SAW STEVE PALOOKA WORKING TODAY... HE'S HAVING A ROUGH TIME, VINCE!
DIETING NEVER HELPED ANY BOXER... IT TAKES A LOT OUT OF A GUY!
YEAH! AN' HE AIN'T GOT MUCH TIME LEFT!
OH, HELLO, STEVE... VENUS IS NAPPING! I HOPE YOU'RE ALL R-RIGHT!
I'LL BE FINE, MR BEELEE... PLEASE TELL VENUS NOT TO WORRY ABOUT ME!

TERRY AND THE PIRATES By George Wunder

NO, SIR THE STREET WAS EMPTY.
WASN'T THERE ANYONE AROUND WHEN YOU SAID GOOD NIGHT TO CHIN TSI? THINK, DOCKS!
I GUESS THAT'S ALL FOR NOW, SERGEANT
BLAST IT! DOCKS DOESN'T HAVE A SINGLE PROVABLE POINT TO BACK UP HIS STORY.. BUT, DOGGONE IT! BEING IMPARTIAL ISN'T GOING TO BE AS EASY AS I THOUGHT!

ANNIE ROONEY By Darrell McClure

HEY MISS PITA. I SEE OUR "MYSTERIOUS MAN" IS IN AGAIN-
YES HE CAME IN JUST A MOMENT AGO.
"MYSTERIOUS"? WHAT'S "MYSTERIOUS" ABOUT HIM?
NOTHIN', EXCEPT HE COMES IN PRETTY REGULAR AN' SITS FOR AN HOUR DRINKIN' COFFEE. MOSTLY ALL WE GET IN HERE ARE SKI FANS. HE AIN'T DRESSED FOR THAT. SO -- WHO IS HE?
WELL, GOLLY, MAYBE HE'S JUST A MAN WHO LIKES TO COME HERE AN' DRINK COFFEE.
MAYBE SO. BUT HE SURE COMES A LONG WAY OFF THE BEATEN PATH TO DRINK IT!!
